chaos reigns. Imprisoned over half a million years ago, the Unseelie are free and each one Mac meets is worse than the last. Human weapons don't stand a chance against them. With a blood moon hanging low over the city, something dark and sinister begins to hunt the streets of Temple Bar, choosing its victims by targeting those closest to Mac. Armed only with the Spear of Destiny and Jericho Barrons, she must face her most terrifying enemy yet.

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Between the Highlander and Fever worlds lies a place beyond imagining. This new edition of the novella contains more than 100 pages of bonus material, including: • a deleted scene from Kiss of the Highlander • a proposal for a never-published romance • an alternate opening version of The Dark Highlander • a sneak peek at art from the upcoming graphic novel Fever Moon For the first time in hardcover, here is #1 New York Times bestselling author Karen Marie Moning's novella Into the Dreaming, a tale of Highland fantasy, star-crossed lovers, and the timeless manipulation of the ancient, immortal Unseelie king. This is Moning at her romantic, funniest finest. Free him from his ice-borne hell . . . Stolen from his beloved home in the Highlands of Scotland, imprisoned in the Unseelie king's dark, frosty kingdom, Aedan MacKinnon endured centuries of torture before becoming the icy, emotionless Vengeance, the dark king's dispatcher of death and destruction in the mortal realm. And in his century you both may dwell . . . Aspiring romance novelist Jane Sillee has always believed that she was born in the wrong century, but she's managed to make a decent enough life for herself—if only she could stop having those recurring dreams about a man too perfect to exist. In the Dreaming you have loved him . . . Haunted every night of her life by a devastatingly sexy Highlander who comes to her while she sleeps, Jane tries to write him out of her head and heart. As a child he protected her, as a woman he loves her. Now in the Waking you must save him . . . When an ancient tapestry bearing the likeness of her beloved Highlander arrives on

her doorstep, Jane is whisked back in time to fifteenth-century Scotland, to the castle of Dun Haakon on the isle of Skye, where she is given one chance to save her dream lover . . . or lose him forever to the Unseelie king. Caught in a deadly game between the light and dark courts of the Fae, Jane must find a way through the ice to the heart of her Highlander. But will the love of one mortal woman be enough to defeat such ancient and ruthless immortal enemies?

Zeke Kirby knew being a lunar waste disposal technician wasn't a perfect job, but it paid his bills. The downside was it took him away from his little girl, but the upside was he got to go into space. The positive was he got to play real-life astronaut, but the negative was that sewer pipes clog up faster in one-sixth gravity. So when he and his crew make a routine maintenance call to the Intercorp lunar sci-station and find it disturbingly empty, Zeke finds out fast that crap flows downhill... even on the moon. Where'd everybody go? And why are there werewolves everywhere?

on the throne. But challenges with her subjects are the least of her concerns when an ancient, deadly foe resurfaces, changing not only the rules of the game but the very game itself, initiating a catastrophic sequence of events that have devastating consequences and leave Mac questioning everything she's ever learned and everyone she's ever loved. From the exquisite, deadly gardens of the High Queen's court, to long-forgotten truths found in the Sacred Grove of Creation, from the erotic bed of her enigmatic, powerful lover to the darkest, seductive reaches of the Unseelie kingdom, Mac's final journey takes her places no human has been before, and only one human could possibly survive . . . One who's willing to sacrifice everything.

sacrifices—a thrilling new chapter in the bestselling Fever series begins, featuring Dani, Ryodan, and other beloved characters, as they battle to save Dublin from the rising of a terrifying evil determined to enslave the human race. There is no action without consequence. Dani O'Malley was nine years old when the delusional, sadistic Rowena transformed her into a ruthless killer. Years later, Dani is tough and hardened, yet achingly vulnerable and fiercely compassionate, living alone by her own exacting code. Despite the scars on her body, and driven by deeper ones carved into her soul, no one is more committed to protecting Dublin. By day she ensures the safety of those she rescues, by night she hunts evil, dispensing justice swiftly and without mercy, determined to give to those she cares for the peace she has never known. There is no power without price. When the Faerie Queen used the dangerously powerful Song of Making to heal the world from the damage done by the Hoar Frost King, catastrophic magic seeped deep into the earth, giving rise to horrifying, unforeseen consequences—and now deadly enemies plot in the darkness, preparing to enslave the human race and unleash an ancient reign of Hell on Earth. There is no future without sacrifice. With the lethal, immortal Ryodan at her side, armed with the epic Sword of Light, Dani once again battles to save the world, but her past comes back to haunt her with a vengeance, demanding an unspeakable price for the power she needs to save the human race. And no one—not even Ryodan, who would move the very stars for her—can save her this time.
