In 2009, Swine Flu reminded us that pandemics still happen, and award-winning journalist Alan Sipress reminds us that far worse could be brewing. When a highly lethal strain of avian flu broke out in Asia in 2003 and raced westward, Sipress, as a reporter for The Washington Post, tracked the virus across nine countries, watching its secrets elude the world's brightest scientists and most intrepid disease hunters. A vivid portrayal of the struggle between man and microbe, The Fatal Strain is a fast-moving account that weaves cultural, political, and scientific strands into a tale of inevitable pandemic.

This collection contains every essay written in George Eliot's career, including some rare works like The Influence of Rationalism.

The novel's protagonist is a British Roman Catholic priest, Father Percy Franklin, who looks identical to the mysterious U.S. Senator Julian Felsenburgh of Vermont. The senator appears as a lone and dramatic figure promising world peace in return for blind obedience. No one quite knows who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the Pope, vow to die in the name of the faith.

Provides all the tools necessary to read and understand Plato's Phaedrus in the original Greek.

In this book I have written about some aspects of the war which, I believe, the world must know and remember, not only as a memorial of men's courage in tragic years, but as a warning of what will happen again--surely--if a heritage of evil and of folly is not cut out of the hearts of peoples. Here it is the reality of modern warfare not only as it appears to British soldiers, of whom I can tell, but to soldiers on all the fronts where conditions were the same.

Join Patty Penguin on her first day out in the world and her first experience at making friends with other little penguins. Patty Penguin is a gentle-hearted, curious baby penguin, who is just starting to explore the world around her. Patty Penguin Welcome to the World is the first release of a planned series of Patty Penguin books.

"The Red and the Black" is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.

In a dark future, when North America has split into two warring nations, 15-year-olds Day, a famous criminal, and June, the brilliant soldier hired to capture him, discover that they have a common enemy.P. Putnam's Sons.
