Since she refuses to wear his collar, he can only mask his desire with sarcasm and antagonism. Dex has had it up to here with Grant. He's a bossy, domineering jerk, and the sexiest man she's ever been with. Even so, she's done with collars and the nonsense that comes with commitments. When he extends an olive branch and invites her to visit his new resort on a remote island in Canada, it's a chance to get their friendship back on track. Alone in the wilderness for a week, they explore Grant's investment and the boundaries of their relationship. Some bonfires can't be contained.
