The FLOMEC® QM240 and QM150 Series Fuel Meters are extremely accurate, flexible and reliable. So accurate in fact, they "Make others look like they're just guessing". Here's why: HIGH PRECISION ? 20X More Precise on GPRO 20GPM pump, 4X Higher Accuracy: 1/2% Overall; MORE CAPACITY ? 40GPM VS 30GPM, 33% More Flowmeter Performance

Flomec - Sartecos Inc. / Fuel Meters / Liquid Meters and More.

Looking for FLOMEC Electromagnetic Electromagnetic Flowmeter, Nory®, 2.2 to 150 gpm (465C61)? Grainger's got your back. Price \$1040.00. Easy online ordering for the ones who get it done along with 24/7 customer service, free technical support & more.

This book focuses on the mechanical properties and permeability of coal, and the gas flow in coal seams. Based on coal permeability models, it establishes different models for coal seam gas, from the linear flow model to the gas–solid coupling flow model. It also provides the theoretical basis for the exploitation and safe production of coal as well as coal seam gas resources. As such, it is a valuable reference for researchers, advanced students and practitioners working in mining engineering and coalbed methane engineering.
