Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

Mind control is a tool that one can use for good or evil purposes. It all depends on the type of mind control that is involved and the intent of the individual who wants to apply it. It also depends on whether the target or subject of mind control will benefit from it or is harmed. Nonetheless, mind control is a very intriguing and fascinating topic. The majority of us use some form of mind control such as persuasion or manipulation in our everyday lives to get what we want from others and to achieve our goals. Some of us even have used the mind control technique of self hypnosis on ourselves for self improvement in the areas of weight loss, reducing stress levels, or eradicating bad habits such as smoking from our lives. Mind control is a vast subject that has many components and factors to it and to get the proper understanding of it and the many techniques that are involved, it must be examined and explored in great detail. In his book entitled Banned Mind Control Techniques Unleashed author Daniel Smith covers in detail Mind Control and its associated techniques that are literally hidden away from the general public. You will learn about the dark secrets of hypnosis, manipulation, deception, persuasion, brainwashing and human psychology. After reading this book you will have a deeper understanding of mind control and its core principles. A neat chaos, an illusion where the main puppets are these seven billion people who populate the Earth, secretly guided by a small society named the Circle. This is Claire Baudin's world. The Baudins are one of the thirteen families that create the Circle, having a word to say in the way that the economy, politics or any development on the globe works or ever did. The Circle has always existed, like an image of God himself in the world; nobody knows how it started, not even Claire; everything is uncertain, covered in mystery. And just like the Circle, the Baudins have given generations after generations of men and women who have commanded over time the start of all the wars, the crisis, the historical periods. Everything was and still is their creation and they have obeyed the Circle's rule. Until now. Claire is an independent, twenty one year old girl who has just spread her wings and detached herself from her family, taking her sister with her and moving to the mansion bought for her by her grandfather. She, unlike all her whole family, is not ready to embrace the rules of her society. The way the world has been ruled without anyone knowing or approving it, the secrecy, the hunger which was placed in some parts of the globe, while others have been fed with gold, everything is repulsive for her; but most of all, she hates the idea of being forced to marry someone from her group just so that the legacy could continue its destiny only inside the Circle. She hates the thought of creating a marriage based on interests and not on true love, a frequent thing among all the thirteen families. She is almost sure she is going to be an abstinent, this is the only possibility she sees so she can get a part of the freedom she mostly desires. Until she meets Antoine. He is a normal boy, hired by the Circle, who has the ambition of becoming a great doctor in attempt to find a cure for his ill mother. She hasn't noticed him until one day when she decides to be nice to him for the secret purpose of defying the Circle just a little bit more. But what will happen when he will intrude on her life and affect her judgment?
