"Uniquely combining history, political science, and international law, this classic, timely and concise resource provides a historical discussion and insightful analysis of diplomacy"--

"Uniquely combining history, political science, and international law, this classic, timely and concise resource provides a historical discussion and insightful analysis of diplomacy"--

In this classic text, an eminent historian of international affairs and a distinguished political scientist survey the evolution of the international system, from the emergence of the modern state in the 17th century to the present. Craig and George pay particular attention to the nineteenth century's "balance-of-power" system, the basic tenets of which still determine many applications of modern diplomacy. The authors also focus on the ways in which the 20th century diplomatic revolution--a complex of military, political, economic and ideological factors--has destroyed the homogeneity of the international community and confronted diplomats with new problems and the need to find new expedients to deal with them. The revised third edition brings these arguments up to date with expanded chapters, newly-added discussions and case studies, and entirely new material reflecting the altered political landscape of the 1990's, with chapters on the Gulf War, the collapse of communism in Eastern Europe, the reunification of Germany, and the break-up of the Soviet Union. Force and Statecraft remains the standard resource for students in the fields of international relations and diplomatic history.

Suitable for upper division courses in Diplomatic History, Diplomacy and Statecraft, or history of foreign relations. This title is divided into three parts: the first section is a survey of international history and diplomacy; the second part is about specific problems; and the third explores ethics and other restraints on force and statecraft.

Moderne Diplomatie wirkt heute in viele Bereiche des modernen Lebens hinein. Sie ist zugleich selbst neuen Einflüssen ausgesetzt. Faktoren, die unsere Gesellschaften verändern, verändern auch unser Regierungshandeln, auch in der Außenpolitik, seien es

Read PDF Force And Statecraft Diplomatic Challenges Of Our Time

Digitalisierung, emotionalisierte Sensibilitäten unserer Öffentlichkeiten oder nicht-staatliche internationale Akteure. Derartige Entwicklungen müssen von der Diplomatie aufgenommen werden, damit sie weiter als Instrument einer Regierung funktionieren kann. Regierungen sollten Wege finden, zwischen den neuen Bedürfnissen der Gesellschaft und den Notwendigkeiten legitimen Regierungshandelns zu vermitteln. Das Ziel sollte sein, als souveräner Staat handeln zu können und zugleich das Potential der tiefgreifenden gesellschaftlichen Veränderungen zu nutzen. Mit Beiträgen von Volker Stanzel, Sascha Lohmann, Andrew Cooper, Christer Jönsson, Corneliu Bjola, Emillie V. de Keulenaar, Jan Melissen, Karsten D. Voigt, Kim B. Olsen, Hanns W. Maull und R. S. Zaharna

Introduction -- Techniques of statecraft -- What is economic statecraft? -- Thinking about economic statecraft -- Economic statecraft in international thought -- Bargaining with economic statecraft -- National power and economic statecraft -- "Classic cases" reconsidered -- Foreign trade -- Foreign aid -- The legality and morality of economic statecraft -- Conclusion -- Afterword : economic statecraft : continuity and change / Ethan B. Kapstein.

International relations is an increasingly important topic for the average American. It determines job prospects, economic growth and decline, war, peace, and whether or not a foreign entity uses a weapon of mass destruction. The practice and theory of international relations by today's presidents and dictators is grounded in ideologies that have shaped societies throughout history—ideologies that dominate the world of the Bible. Whether it was the Babylonian and Egyptian Empires, the influence of Greek Hellenism, or the Romans' critical role, international relations are an omnipresent backdrop. There can be no story of Exodus, no Babylonian captivity, no explanation for the constant war in Syria, no publicans or Roman governors, no judgment by Pontius Pilate, and no St. Paul's story as a Roman citizen, without considering the role of international affairs.

What's a rookie manager to do? Faced with new responsibilities, and in need of quick, dependable guidance, novice managers can't afford to learn by trial and error. The First-Time Manager is the answer, dispensing the bottom-line wisdom they need to succeed.
