As the United States Delegate to the Organization of American States boards a plane from Santiago, Chile, to Atlanta, no one knows that she is also the leader of an international terrorist network—except perhaps the nun who has strategically seated herself two rows in front of her in first class. Over the years, Dominguez, also known as Big Balls Bertha, has developed a heart as hard as diamonds, a stomach of iron, a tearless eye, and the ability to utilize various disguises and surrogates to outsmart the FBI, CIA, and Interpol agents determined to capture her. She hates trespassers and America. When she contemplates what America's war forces have done to so many countries that include Kosovo, Vietnam, Afghanistan, Iraq, and Syria, Dominguez's hatred of America grows. As she slowly transforms her apartment into an arsenal to be used by her mercenaries to rid the world of trespassers, Dominguez unfurls an evil plan that, if she is not stopped, has the potential to destroy America forever. Leave Well Enough Alone shares the heart-stopping journey of a female terrorist as she embarks on a resolute mission to destroy the United States.
