Twelve-year-old Grey has been sucked into a hacked, virtual reality version of Fortnite Battle Royale along with one hundred other players. To get home, he must become one of the top five players before the season ends, or he's stuck in Fortnite for another two months. Grey and his friend have gone up in ranks and are learning how to build structures to improve their tactics. While they're not at the top by any means, they are solidly in the middle of the pack. They aspire to be like the Top Player, who has been unbeatable for fifteen games in a row. No one knows how the Top Player does it, but everyone is chasing him. Before Grey can aspire to beat the Top Player, though, he has to get through the Rival players that are just above him. These players are threatened by him and his friend and hunt them down in every battle. Grey wants to beat them, but he can't figure out how. How can Grey survive long enough to beat the Top Player? And will he ever escape the Fortnite world?

Twelve-year-old Grey gets sucked into a hacked, virtual reality version of Fortnite Battle Royale along with one hundred other players. To get home, he must become one of the top five players before the season ends, or he's stuck in Fortnite for another two months. Grey logs into Battle Royale as usual, but unlike before he passes out and wakes up in the lobby and everything is as real as can be. Four others stand there with him as an admin tells them they are the "new meat" and their game has been hacked. Their consciousness will be trapped in this version of Fortnite until they can become the top five players for a season. New to the fighting arena but ambitious, Grey sets out for glory with one hundred other players on a flying bus. As they jump and land on the island to battle, he struggles to figure out the tools as people come to kill him. He dies quickly, much to his disappointment. Maybe this won't be as easy as he thought. While waiting for the next game in the lobby, someone gives him some tips to help him out and he fares a bit better. They form a duo in hopes of both escaping the game together. Will Grey be able to escape, now that he has an ally?

Grey has improved a ton with the help of his friends, and he's closing in on the top tier of players. But then his closest friend announces that he's been asked to join a new squad on the top tier and leaves them in hopes of making the top five with his new squad. Grey is devastated, and their play struggles. He falls back several ranks and begins to wonder if it's even possible to escape the game this season. Some players have been there for many seasons...some aren't even trying to leave because they like it so much. Maybe he should just accept it as his life. A former rival tells him to snap out of it—he's too good to slide back so far. They end up in a squad and do well enough to scale the ranks again. Grey has a chance to screw over his old Ally/Friend by taking his place on the Top Tier team, but will he?
