Pathways to Personalization offers an innovative five-step framework to help school leaders and teacher teams design and implement blended and

Read Online Framework Personalization Guide

personalized learning initiatives based on local needs and interests. The book draws on principles of improvement science and change management, as well as work in nearly five hundred classrooms, to help educators define their own rationale for personalized learning; it guides them as they

Read Online Framework Personalization Guide

establish small pilot initiatives, determine criteria for success, evaluate their efforts, and create a path for replication and scale. Filled with activities and templates for organizing information and student feedback, the book also includes many examples of how district leaders,

Read Online Framework Personalization Guide

school principals, and teachers have successfully navigated the change process to create more student-centered classrooms. Shifting a school or district to offer more personalized learning requires a great deal of commitment, passion, and energy, but it also demands a strategic process.

Read Online Framework Personalization Guide

Pathways to Personalization meets this need by providing a field-tested road map for educators seeking ways to meet the academic and emotional needs of all students, and to empower them to take charge of their own learning.

It was our great pleasure to host the 4th International Conference on Image and Video Retrieval (CIVR) at the National University of Singapore on

Read Online Framework Personalization Guide

20–22 July 2005. CIVR aims to provide an international forum for the discussion of research challenges and exchange of ideas among researchers and practitioners in image/video retrieval technologies. It addresses innovative research in the broad field of image and video retrieval. A unique

Read Online Framework Personalization Guide

feature of this conference is the high level of participation by researchers from both academia and industry.

Another unique feature of CIVR this year was in its format – it offered both the traditional oral presentation sessions, as well as the short presentation cum poster sessions. The

Read Online Framework Personalization Guide

latter provided an informal alternative forum for animated discussions and exchanges of ideas among the participants. We are pleased to note that interest in CIVR has grown over the years. The number of submissions has steadily increased from 82 in 2002, to 119 in 2003, and 125 in 2004.

Read Online Framework Personalization Guide

This year, we received 128 submissions from the international communities: with 81 (63.3%) from Asia and Australia, 25 (19.5%) from Europe, and 22 (17.2%) from North America. After a rigorous review process, 20 papers were accepted for oral presentations, and 42 papers were accepted for

Read Online Framework Personalization Guide

poster presentations. In addition to the accepted submitted papers, the program also included 4 invited papers, 1 keynote industrial paper, and 4 invited industrial papers.

Altogether, we offered a diverse and interesting program, addressing the current interests and future trends in
