Suitable for both Foundation and Higher students, this textbook follows the structure and content of AQA B from September 2001. It integrates key skills and ICT as well as geographical skills. Summary sections at the end of each chapter focus students on revision and exam practice.

Following the requirements of OCR Geography specification A, this revision guide includes sample exam questions to build students' confidence. It can be used for additional practice either in the classroom or at home and offers advice on exam techniques, map skills and data analysis.

New editions of the bestselling Revise GCSE Study Guides with a fresh new look and updated content in line with curriculum changes. Revise GCSE contains everything students need to achieve the GCSE grade they want. Each title has been written by a GCSE examiner to help boost students' learning and focus their revision. Each title provides complete curriculum coverage with clearly marked exam board labels so students can easily adapt the content to fit the course they are studying. Revise GCSE is an ideal course companion throughout a student's GCSE study and acts as the ultimate Study Guide throughout their revision.

Prepare students for the AQA GCSE (9-1) Food Preparation and Nutrition exams with this photocopiable pack, including two full exam-style practice papers and detailed mark schemes with sample answers. - Get ready for the exams with practice papers that replicate the types, wording and structure of the questions students will face. - Guide students through what's required for each question by looking at sample answers that indicate where and how marks were awarded. - Provide an easy solution for mock exams, practice, revision and homework; detailed mark schemes for each question help to reduce marking time and provide opportunities for self- and peer-assessment. - Improve your feedback to students with marking guidance for extended response questions.

Maximise every student's performance with a step-by-step approach to learning, improving and applying the geographical and fieldwork skills they need to achieve their best under the reformed WJEC/Eduqas GCSE Geography specifications. - Provides a complete, tailor-made solution to teaching the cartographic, graphical, numerical and statistical skills emphasised in the 2016 WJEC Eduqas A and B GCSE Geography specifications - Helps you prepare students for the changed fieldwork assessments and new question formats with a dedicated section on geographical enquiries - Supports students of varying abilities by moving from clear explanations of each skill to easy-to-follow guidance on applying the skills in an examination context - Offers plenty of opportunities to put newly-acquired skills into practice through a range of activities for all learners, as well as extension tasks designed for students targeting the top grades - Boosts students' confidence tackling terminal assessment with skills-focused exam-style questions and insider tips on common question types and topics - Cuts down your marking time and enables students to monitor their own progress by including answers for every activity and exam-style question

Reinforce students' geographical understanding throughout their course; clear topic summaries with sample questions and answers help students improve their exam technique and achieve their best. Written by a teacher with extensive examining experience, this guide: - Helps students identify what they need to know with a concise summary of the topics examined at AS and A-level - Consolidates understanding through assessment tips and knowledge-check questions - Offers opportunities for students to improve their exam technique by consulting sample graded answers to exam-style questions - Develops independent learning and research skills - Provides the content students need to produce their own revision notes

A student-friendly and engaging resource for the 2016 Edexcel GCSE Geography B specification, this brand new course is written to match the demands of the specification. As well as providing thorough and rigorous coverage of the spec, this book is designed to engage students in their learning and to motivate them to progress.

Reinforce students' geographical understanding throughout their course; clear topic summaries with sample questions and answers help students improve their exam technique and achieve their best. Written by a teacher with extensive examining experience, this guide: - Helps students identify what they need to know with a concise summary of the topics examined at AS and A-level - Consolidates understanding through assessment tips and knowledge-check questions - Offers opportunities for students to improve their exam technique by consulting sample graded answers to exam-style questions - Develops independent learning and research skills - Provides the content students need to produce their own revision notes
