Meet the Original Superheroes. Before there was Batman, Wonder Woman, or Black Panther...there was Indra, Hindu king of gods, who battled a fearsome snake to save the world from drought. Athena, the powerful Greek goddess of wisdom who could decide the fate of battles before they even began. Okuninushi, the Japanese hero who defeated eighty brothers to become king and then traded it all for a chance at immortality. Featuring more than 70 characters from 23 cultures around the world, this A-to-Z encyclopedia of mythology is a who's who of powerful gods and goddesses, warriors and kings, enchanted creatures and earthshaking giants whose stories have been passed down since the beginning of time—and are now given fresh life for a new generation of young readers. Plus, You'll Learn All About: Dragons: The Hydra, St. George's Dragon, and the Australian Rainbow Snake Giants: Grendel, Balor of the Evil Eye, Polyphemus, and the Purusha with the thousand heads Monsters: Manticore, Sphinx, Minotaur, Thunderbird, and Echidne, mother of the Nemean lion that nearly killed Heracles Underworlds: Travel to Hades, Valhalla, and the Elysian Fields

The travelling storyteller combined many talents: scholar, educator, linguist, poet and musician. He showed learning, curiosity and judgement, but most of all he could not resist a good story. True to their original telling and stripped of the sanitization of later centuries, these powerful tales make compelling reading. The traveller's tales are shaped by the landscape, character, tradition and weather of the stops along his journey: standing below the snow-streaked, cloud-capped massif of Olympus, he feels the awe and majesty of the gods. In the wilderness of Thessaly, menaced by bears and wolves, he recognises the cruel, barbarian anger of Achilles and the ferocious extravagance of Hercules. In soft Eleusis, strong wine at the day's end brings him to the Mysteries of Dionysus and the Bacchic frenzy. The Mycenaean ruins impress on him the workings of the hand of fate: the frailty of empire, the waste of the ten year's Trojan war, the horror of Agamemnon's domestic grief. Under the illumination of the startling Greek light the storyteller interprets for his listeners the sense they have of themselves. His stories of myth and legend are the oldest speculations of the first deep-thinking people of Europe. They are also the first and longest-lasting entertainments of the European imagination.

A retelling of the greatest myths and legends of the ancient Greek gods and heroes for readers of all ages by a celebrated historical novelist. In the ancient past, the Gods and Goddesses of ancient Greece lived on Mount Olympus and ruled the world of mortals. Famous heroes shaped the course of history, beautiful women drew the gazes of gods and men alike, and the gods were both fickle in their favors and breathtakingly generous to those they smiled upon. From Midas' tragic gift to the exploits of Hercules and the curse of Pandora, renowned classicist and historical novelist Robert Graves brings the legends of ancient Greece to life in a lively, accessible way that's sure to appeal to everyone; from children to adults, and from casual readers to serious scholars.

Noted French scholar and linguist discusses gods of the continental Celts, beginnings of mythology in Ireland, Irish mother-goddesses and chieftain-gods, and heroes.

From fire-stealing Prometheus to scene-stealing Helen of Troy, from Jason and his golden fleece to Oedipus and his mother, this collection of classic tales from Greek mythology demonstrates the inexhaustible vitality of a timeless cultural legacy. These stories of heroes and powerful gods and goddesses are set forth simply and movingly, in language that retains the power and drama of the original works by Aeschylus, Sophocles, Euripides, and Homer. Introduction by Werner Jaeger With black-and-white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library

Get Free Gods And Heroes Of The Greeks

Contains simple versions of twenty-seven classical myths about Olympians and Greeks including Persephone, Orpheus, Heracles, and Hermes

The Adventures that Shaped the Western World First published in 1934, Gods, Heroes and Men of Ancient Greece has become one of the most popular, enduring--and captivating--retellings of the ancient myths for modern readers. Recognizing the sheer entertainment value of these timeless adventures, world renowned classical scholar W.H.D. Rouse delighted his students at the Perse School in Cambridge, England, with a conversational style and childlike wonder that made the legends come alive--a rare storytelling gift that continues to engage young and old alike. Many of the characters in this book are familiar to us--Helen of Troy, Icarus, Zeus, Athena, to name just a few--but rarely have their stories of war and adventure, bravery and romance, been so simply and thrillingly told. From the strong-arm heroics of Heracles, to the trickery of the Trojan Horse, from the seductions of Circe the sorceress, to the terrors of the Cyclops and Minotaur, these legends have outlived the culture that bore them. But while the ancient Greeks may be long gone, their fables and morals, their heroes and heroines, live on today...

The bestselling compendium of ancient Greece's timeless tales and towering figures of mythology from a classics expert. The world of Greek mythology contains some of the most exciting and imaginative stories ever told. In Heroes, Gods and Monsters of the Greek Myths, bestselling author Bernard Evslin shares his passion for these fabulous tales and the eternal themes they so beautifully express. In this accessible overview, you'll get to know the iconic gods, heroes, and tragic figures: Zeus, the all-powerful king of the gods; Hera, his cunning and jealous wife; King Midas, whose touch could turn anything into gold; the sculptor Pygmalion, who falls in love with his own creation; and many more. With each story, Evslin brings new life to these legendary characters and the magical world they inhabit. Translated into multiple languages, and with more than ten million copies sold, this invaluable resource has become a classic in itself.

All the wonder, terror and delight of Greek mythology springs forth from the pages of this unique and much-needed anthology. Rhonda Hendricks has not only selected from the works of the ancient authors the best -- and often earliest -- versions of these tales; she has also arranged them so as to give a cumulative view of classical mythology beginning with The Creation and The Birth of Zeus. Of particular interest are: The Ages of Mankind, The Birth of Athena, Oedipus the King, Heracles, Theseus, Jason and Medea, The Judgement of Paris, The Trojan Horse, Pygmalion, and Cupid and Psyche. These texts offer a new perspective on classical mythology and, by so doing, cast a new light on this cornerstone of Western culture.

One of the best introductions to Greek mythology for children. Includes the stories of all the prominent gods and heroes, woven together into a continuous narrative, ending with a full treatment of the twelve labors of Hercules. Suitable for ages 8 and up.
