Mini Golf To Go 's portable mini golf brings all the fun, excitement and camaraderie of mini golf to your event. It 's a fully portable mini golf course, delivered and set up at your event. No matter the event, Mini Golf To Go offers a unique opportunity for guests to visit, mingle, have fun and connect with one another in a way that very few other attractions can offer.

For us rabbits the game of golf is a constant battle between fantasy and reality. The great hopes and ambitions that accompany us on the first tee quickly evaporate by a combination of mother nature, gravity and the cruelest of luck. One of the charms of the Great Game is that we are constantly chasing what is, in theory, attainable but in reality highly elusive. It is a perpetual series of occasions for hope. David Feherty summed it up when he said; "Golf can best be defined as an endless series of tragedies obscured by the occasional miracle." It is astonishing how long the occasional miracle can remain in the memory to the total eclipse of all else. Golf is a game whose hook is baited with hope. This book is a compendium of quotes from players who have been similarly troubled by the journey from great hopes to cruel reality. I hope you enjoy their reflections.

Froggy and his dad celebrate Father's Day with a game of miniature golf, riding bumper boats, and practicing at the batting cages. Reprint.

"A transfixing book on how to sustain peak performance and avoid burnout" —Adam Grant, New York Times bestselling author of Option B, Originals, and Give and Take "An essential playbook for success, happiness, and getting the most out of ourselves." Arianna Huffington, author of Thrive and The Sleep Revolution "I doubt anyone can read Peak Performance without itching to apply something to their own lives." —David Epstein, New York Times bestselling author of The Sports Gene A few common principles drive performance, regardless of the field or the task at hand. Whether someone is trying to qualify for the

Olympics, break ground in mathematical theory or craft an artistic masterpiece, many of the practices that lead to great success are the same. In *Peak Performance*, Brad Stulberg, a former McKinsey and Company consultant and writer who covers health and the science of human performance, and Steve Magness, a performance scientist and coach of Olympic athletes, team up to demystify these practices and demonstrate how you can achieve your best. The first book of its kind, *Peak Performance* combines the inspiring stories of top performers across a range of capabilities—from athletic to intellectual and artistic—with the latest scientific insights into the cognitive and neurochemical factors that drive performance in all domains. In doing so, *Peak Performance* uncovers new linkages that hold promise as performance enhancers but have been overlooked in our traditionally-siloed ways of thinking. The result is a life-changing book in which you can learn how to enhance your performance via myriad ways including: optimally alternating between periods of intense work and rest; priming the body and mind for enhanced productivity; and developing and harnessing the power of a self-transcending purpose. In revealing the science of great performance and the stories of great performers across a wide range of capabilities, *Peak Performance* uncovers the secrets of success, and coaches you on how to use them. If you want to take your game to the next level, whatever "your game" may be, *Peak Performance* will teach you how.

The professional golfer provides tips on the grip, stance, and swing of successful golf shots

The perfect golfing gift: A book that is a complete, working 9-hole miniature golf course, with miniature golf balls and putter included. The first book you can play through. The book that's a true original. Featuring nine themed courses, from pirates to dinosaurs to the classic windmill, *The Miniature Book of Miniature Golf* celebrates the silliness and the golf-for-everyone! attitude of Putt-Putt. Each page in the book is a cleverly designed hole, modeled on real mini golf courses. Tap the ball through the grooves and make sure to avoid the obstacles. Then see if you can get it in the clown's mouth on the last hole. Every hole is par fun.

A mysterious messenger delivers four invitations for a round of golf to the elite of society. These four avid golfers use their power and wealth to shape life to their own depraved reality at the expense of others. The golf course is in a remote part of the world and kept secret from the public. The messenger visits a senator, army colonel, a professional baseball player and a wealthy surgeon. His presence terrifies each person he visits but they accept the exclusive invitation despite their instincts. The golfers look forward to a long weekend to indulge in the opulent amenities of the golf club but the distinguished director of the club has other plans. A lifetime membership to the club is the prize for winning the golf match. When they meet their caddies, they realize their power and wealth can't save them from the sinister secret of Goat Trails Golf Club.

Most golfers seek to get better by making their swing as simple as possible to produce distance, control, and consistency. The ESPY technique is like riding a bicycle: once you learn, you don't forget. Based on fundamental sprocket mechanics, the ESPY is an acronym for three simple Ergonomic movements, consisting of the Synch, Protract, and Yaw elements. The E is the ergonomics used to set up each S.P.Y. element of the golf swing. By learning what these mechanics are and how they create power, speed, and control, you'll be able to: control backspin, loft, and trajectory; eliminate the negative effects of downtime and nerves; overcome common obstacles to develop a consistent swing.

“ One of the most profound and illuminating studies of this century to have been published in recent decades. ” —John Gray, New York Times Book Review Hailed as “ a magisterial critique of top-down social planning ” by the New York Times, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. “ Beautifully written, this book calls into sharp relief the nature of the world we now inhabit. ” —New Yorker “ A tour de force. ” — Charles Tilly, Columbia University

A spiritual journey, a lush travelogue, a parable of sports and philosophy—John Updike called this unique novel “ a golf classic if any exists in our day. ” When an American traveler on his way to India stops to play a round on one of the most beautiful and legendary golf courses in Scotland, he doesn ’ t know that his game—and his life—are about to change forever. He is introduced to Shivas Irons, a mysterious golf pro whose sublime insights stick with him long after the eighteenth hole. From the first swing of the Scotsman ’ s club, he realizes he is in for a most extraordinary day. By turns comic, existential, and semiautobiographical, Michael Murphy ’ s tale traces the arc of twenty-four hours, from a round of golf on the Links of Burningbush to a night fueled by whiskey, wisdom, and wandering—even a sighting of Seamus MacDuff, the holy man who haunts the hole they call Lucifer ’ s Rug. “ Murphy ’ s book is going to alter many visions, ” The New York Times Book Review declared. More than an unforgettable approach to one of the world ’ s most popular sports, *Golf in the Kingdom* is a meditation on the power of a game to transform the self.

Contemporary artists revisit Warhol's 1985 love letter to America Originally published in 1985, Warhol's *America* features photographs both taken and collected by the artist during his cross-country travels and in-person encounters over the previous decade. The book, an idiosyncratic love letter to America, finds Warhol reflecting on everything from travel, beauty and fame to politics, technology and the American Dream. Three decades later, *Fantasy America* invites artists Nona Faustine, Kambui Olujimi, Pacifico Silano, Naama Tsabar and Chloe Wise to revisit this seminal publication and contribute their own art. All New York-based, they, like Warhol, are cross-disciplinary artists drawn to repetition, seriality and image appropriation in their work. Against the backdrop of nationwide protests in the wake of George Floyd's murder, the Black Lives Matter movement, the COVID-19 pandemic and the presidential election, these essays and artworks probe and challenge our perceptions of what America is and what it can become.
