This is the Australian edition of a games book for parents, teachers, childcare workers, Cub Scout leaders, home-schooling families, and anyone else who supervises or entertains children. The book contains 339 activities, and is divided into three main sections: physical and mental, life skill, and educational. The physical and mental games are for fun and fitness, and can be enjoyed at birthday parties, family get-togethers and weekend outings. The life skill games are designed especially for Cub and Brownie Leaders, and include map and compass reading, knotting, first aid, home safety and outdoor cooking. The educational games include fun activities in maths, English, science, history, geography, foreign languages, art and music. Teachers and home-schooling families will find this section instructive, stimulating and very unusual. The games are suitable for 7 to 17 year olds, and some of the activities will stretch the minds of even the cleverest teenagers.

The Student Solutions Manual supports students in their independent study and review efforts, using it alongside the main text Linear Algebra by Carlen.

Six Stories is a radically new look at the intersection of science and art through failed images.

This ultimate parents' guide to elementary school math features projects, games, and activities children and parents can do together to increase their understanding of basic math concepts. Fun activities such as mapping a child's bedroom for practice in measurements or keeping a diary of numeric items like vacation mileage and expenses reinforce the math skills outlined in each lesson. Using the standards issued by the National Council of Teachers of Mathematics as a foundation, this book covers both content and process standards for areas such as algebra, geometry, measurement, problem solving, and reasoning/proofs. It also includes a glossary of math terms and dozens of suggestions for additional children's reading to further math understanding.
