The troubling but ultimately triumphant memoirs of Holocaust survivor Hank Brodt A story of resilience, A Candle and a Promise makes the Holocaust memories of survivor Hank Brodt come alive. It offers a detailed historical account of being a Jewish teenager under the Nazi regime, shedding light on sickening truths in an honest, matter-of-fact way. Hank Brodt (b. 1925) lived through one of the darkest periods of human history and survived the devastation of World War II. Born into a poor family in Boryslaw (Poland), he was placed in a Jewish orphanage. Losing his whole family when the Germans invaded Poland, he waged a daily battle to survive. Moving from forced labor camps to concentration camps, one of which features in Schindler's List, his world behind the barbed wire consisted of quiet resistance, invisible tears and silent cries for years on end. This story of survival includes rare photographs from the United States Holocaust Memorial Museum that powerfully illustrate these intimate and shocking memoirs. One recently discovered picture shows Hank Brodt in prison uniform removing the dead on carts at the liberated Ebensee concentration camp on May 7, 1945. It is hard to believe that someone who endured such horrific events could go on to live a life of gratitude. Through his unwavering compassion towards others, Hank Brodt managed to keep his humanity and find a way to move forward. After the Second World War, Hank Brodt testified at the trial of Nazi war criminal Amon Goeth in Dachau, Germany. He has joined the March of the Living since 2006, walking from Auschwitz to Birkenau on Yom Hashoah to pay tribute to the millions that died. Lighting the candle, he made a promise to himself to always answer the call to talk. Hank Brodt's Holocaust memoirs are a necessary reminder of one of the ugliest times in the history of human civilization.

Outcry - Holocaust Memoirs, a profoundly moving autobiography Manny Steinberg spent his teens in Nazi camps in Germany and Poland, miraculously surviving while millions perished. This is his story. Born in 1925 in the Jewish ghetto in Radom (Poland), Manny Steinberg soon realized that people of Jewish faith were increasingly being regarded as outsiders. When the Nazis invaded in September 1939 the nightmare started. The city's Jewish population had no chance of escaping and was faced with starvation, torture, sexual abuse and ultimately deportation. Outcry is the candid account of a teenager who survived four Nazi camps: Dachau, Auschwitz, Vaihingen and Neckagerach. While being subjected to torture and degradation, he agonized over two haunting questions: "Why the Jews?" and "How can the world let this happen?" These questions remain hard to answer. Manny's brother Stanley had jumped off the cattle wagon on the way to the extermination camp where his mother and younger brother were to perish. Desperately lonely and hungry, Stanley stood outside the compound hoping to catch a glimpse of Manny and their father. Once he discovered that they were among the prisoners, he turned himself in. The days were marked by hunger, cold, hard labor, and fear. Knowing that other members of the family were in the same camp kept them alive. Since acknowledging each other would have meant death, they pretended to be complete strangers. The author relates how he was served human flesh and was forced to shave the heads of female corpses and pull out their teeth. Cherishing a picture of his beloved mother in his wooden shoe, he miraculously survived the terror of the German concentration camps together with his father and brother. When the Americans arrived in April 1945,

Manny was little more than a living skeleton, with several broken ribs and suffering from a serious lung condition, wearing only a dirty, ragged blanket. This autobiography was written to fulfill a promise Manny Steinberg made to himself during his first days of freedom. By publishing these Holocaust memoirs, the author wants to ensure that the world never forgets what happened during WWII. The narrative is personal, unencumbered and direct. Outcry touches the reader with its directness and simplicity. The story is told through the eyes of an old man forcing himself to relive years of intense suffering. It is an account of human cruelty, but also a testimony to the power of love and hope. Memoirs worthy of being adapted for the big screen. "I read this book with a very heavy heart and tears running down my face. For Manny's endurance and his brother Stanley to be so tested is truly a testament to life!" "Very well written as it goes straight to the reader's heart!" "Manny Steinberg shares his extraordinary teenage story of surviving four concentration camps in an account noteworthy for its straightforward, unencumbered narrative. His is a story almost everyone can imagine happening to themselves - no less harrowing than more dramatic renditions of Holocaust survival, but somehow more compelling, and universal, for the unembellished simplicity of his style." "Manny's story is told so well and his perseverance is so strong that you are uplifted and reminded of the strength of the human spirit."

Poignant Holocaust Survivor Story, offering a unique perspective on the lessons of the Holocaust for future generations. Holocaust survivor stories need to be kept alive. Every year, survivors with unique testimonies are passing away. Soon, we will no longer be able to hear first-hand from the people who survived the Holocaust. Books and video testimonials will be the only ways to get to know their moving stories. Joseph Schupack has fulfilled a vow to those who did not survive: to write his Holocaust memoirs and offer a unique perspective on the lessons of the Holocaust for future generations. In *The Dead Years*, Joseph Schupack (1922- 1989) describes his life in Radzyn-Podlaski, a typical Polish shtetl from where he was transported to the concentration camps of Treblinka, Majdanek, Auschwitz, Dora / Nordhausen and Bergen-Belsen during the Second World War. We witness how he struggled to remain true to his own standards of decency and being human. Considering the premeditated and systematic humiliation and brutality, it is a miracle that he survived and came to terms with his memories. *The Dead Years* is different from most Holocaust survivor stories. Not only is it a testimony of the 1930s in Poland and life in the Nazi concentration camps - it also serves as a witness statement. This Holocaust book contains a wealth of information, including the names of people and places, for researchers and those interested in WWII, or coming from Radzyn-Podlaski and surroundings. The book takes us through Joseph Schupack's pre-war days, his work in the underground movement, and the murder of his parents, brothers, sister and friends. *The Dead Years* is deeply personal and moving. We witness how people in the depths of misery shared their last morsel of food, how they were prepared for any sacrifice. There are many examples of brotherly love that grew out of empathetic pain. Finally freed, Schupack encountered rampant anti-Semitism when he tried to reclaim his possessions in Poland after the end of the war. For the Poles in his home town, the best Jews were the ones who did not return. A new, strictly anti-Semitic organization had been founded and its primary goal was the liquidation of all Jews returning from hiding or concentration camps. Decades after WWII, the author, mentally scarred by his war experiences, confronted his demons. "Like a stranded man among the stranded, like a sufferer bound to all sufferers, I stood alone in front of the shambles of my life which had stopped when I was seventeen years old and from which nothing could be salvaged or repaired." We are grateful that Schupack confided his memories to paper, so we never forget.

While still twelve years old, Janina Hescheles wrote this report from her hiding place in Cracow. She tells about the German occupation of her hometown Lvov, the loss of her parents, the ghetto and mass murder in the notorious labor camp Janowska. Thrown into the abyss of horror, Janina understood more than could be expected of someone her age.

A monument to the indestructible nature of the human spirit. In these compelling, award-winning, Holocaust memoirs, Nanette Blitz Konig relates her amazing story of survival during the Second World War when she, together with her family and millions of other Jews were imprisoned by the Nazi's with a minimum chance of survival. Nanette (b. 1929), was a class mate of Anne Frank in the Jewish Lyceum of Amsterdam. They met again in the Bergen-Belsen concentration camp shortly before Anne died. During these emotional encounters, Anne Frank revealed how the Frank family hid in the annex, their subsequent deportation, her experience in Auschwitz and her plans for her diary after the war. This honest WWII story describes the hourly battle for survival under the brutal conditions in the camp imposed by the Nazi regime. It continues with her struggle to recover from the effects of starvation and tuberculosis after the war, and how she was gradually able to restart her life, marry and build a family. Nanette Blitz Konig, mother of three, grandmother of six and great grand mother of four, lives in São Paulo, Brazil. Her Holocaust memoirs were written to speak in the name of those millions who were silenced forever. In these compelling, award-winning, Holocaust memoirs, Nanette Blitz Konig (b. Amsterdam 1929) relates her amazing story of survival during the Second World War when she was imprisoned by the Nazi's in Bergen-Belsen with a minimum chance of survival. It was here that she last saw her classmate Anne Frank.

The diary of a young Jewish housewife who, together with her husband and five-month-old baby, fled the Warsaw ghetto at the last possible moment and survived the Holocaust hidden on the "Aryan" side of town in the loft of a run-down tinsmith's shed.

This Holocaust memoir began with an album of photographs, one of the few family possessions that survived WWII. After his mother's death the album passed on to Paul Davidovits, who became keenly aware that he was now the only person alive who recognized the people in the photographs, remembered how they were interconnected, knew about their journey through life. Davidovits now tells the stories of the inhabitants of this lost world, guiding us through his own childhood. He evocatively portrays the harrowing and traumatic unfolding of history, but also lingers on poignant moments of love, bravery, generosity and humor. Davidovits' stories are unique and finely honed, and while highly personal, their vivid depiction of survival and the determination of the human spirit - even in the face of barbarity and seemingly insurmountable odds - is universal and will remain relevant to every generation.
