Ellie Watt is used to starting over. The daughter of a grifting team, Ellie spent her childhood being used as a pawn in her parents' latest scam. Now she's much older, wiser and ready to give her con artist life a rest. But returning to the dry desert town of Palm Valley, California means one more temptation than she bargained for-Camden McQueen.

Explore the vibrant world of craft beer with Lonely Planet Global Beer Tour. We've selected some of the finest tap rooms, bars and breweries that thirsty travellers can visit in 30 countries around the world. Discover how to find them, which beers to sample, and learn about local places of interest with our recommended itineraries. Each country is introduced by a beer expert and includes regional beverages that shouldn't be missed. There's a world of great beer to taste - go and discover it! So why go beer touring, especially when it's easy and cheap to find interesting craft beers in your local shop? Firstly, craft beer doesn't travel too well and is affected by changes in temperature and long distances. And secondly, due to the explosion in small-scale breweries, many great beers aren't distributed outside their city or region. Beer often tastes better the closer it is to home, especially if that's straight from a tap in the actual brewery. The craft beer revolution has seen waves of breweries open up to the public, not just in the United States, the UK and Australia, where the trend is well established, but all over the world. Visit European beer capitals like Belgium, Italy and Germany, and sample local favourites in Canada, Australia and New Zealand. In Asia, explore hotspots in Japan, Vietnam and China, then venture to South America, Africa and the Middle East. Each brewery is accompanied by a selection of sightseeing ideas and activities, from local museums and galleries, to great hikes or bike rides. The book also features fun sections on beer trails, hangover cures and the world's wildest beers. There's also practical advice like how to ask for a beer in the local language and the ideal snacks to accompany your drink. About Lonely Planet: Lonely Planet is a leading travel media company and the world's number one travel guidebook brand, providing both inspiring and trustworthy information for every kind of traveller since 1973. Sexuality was a part of God's good creation from the beginning. But with sin came a world filled with sexual brokenness. Thankfully, God is always in the business of restoration. This book offers hope for both the sexually immoral and the sexually victimized, pointing us all to the grace of Jesus Christ, who mercifully intervenes each moment in our lifelong journey toward renewal. Author David Powlison casts a vision for the key to deep transformation, better than anything the world has to offer—not just fresh resolve, not just flimsy forgiveness, not just simple formulas, but true, lasting mercy from God, who is making all things new.

Good and Angry, a groundbreaking book from David Powlison, shows readers how anger is more than a problem to solve. Anger is our complex human response to what we perceive as wrong in a complex world, thus we must learn how to fruitfully and honestly deal with it. Powlison undertakes an in-depth exploration of the roots of anger, moral judgment, and righteous response by looking in a surprising place: God's own anger. Good and Angry examines God's desire for justice and his anger, which doesn't devolve into manipulation. Rather, God's anger is good and redemptive, and it causes him to step into our world to make wrongs right, sending his own Son to die so we can be reconciled. In this book full of practical and biblical help, Powlison sets readers on a path toward a faithful and fruitful expression of anger, in which we return good for evil and redeem wrongs. Powlison investigates how God is our model for change and our power for change. Good and Angry helps people who struggle with irritation, complaining, or bitterness explore how to respond constructively when life goes wrong. You, your family, and your friends will all be glad that you read this book.
