The story of Egypt is the story of history itself—the endless rise and fall, the life and death and life again of the eternal human effort to endure, enjoy, and understand the mystery of our universe. Emerging from the ancient mists of time, Egypt met the challenge of the mystery in a glorious evolution of religious, intellectual, and political institutions and for two millenniums flourished with all the vigor that the human heart can invest in a social and cultural order. Then Egypt began to crumble into the desert sands and the waters of the Nile, and her remarkable achievements in civilization became her lingering epitaph. John A. Wilson has written a rich and interpretive biography of one of the greatest cultural periods in human experience. He answers—as best the modern Egyptologist can—the questions inevitably asked concerning the dissolution of Egypt's glory. Here is scholarship in its finest form, concerned with the humanity that has preceded us, and finding in man's past grandeur and failure much meaning for men of today.

Help students get the most out of studying medieval history with this comprehensive and practical research guide to topics and resources. * Covers 100 significant events across four continents, between 410 C.E. and 1485 C.E. * Offers an easy-to-use chronological organization that facilitates research and saves time for students, faculty, and librarians * Includes an annotated bibliography of primary source materials for each topic

Written in an engaging and entertaining style, this widely-used how-to guide introduces readers to the theory, craft, and methods of history and provides a series of tools to help them research and understand the past. Part I is a stimulating, philosophical introduction to the key elements of history--evidence, narrative, and judgment--that explores how the study and concepts of history have evolved over the centuries. Part II guides readers through the workshop of history. Unlocking the historian's toolbox, the chapters here describe the tricks of the trade, with concrete examples of how to do history. The tools include documents, primary and secondary sources, maps, arguments, bibliographies, chronologies, and many others. This section also covers professional ethics and controversial issues, such as plagiarism, historical hoaxes, and conspiracy theories. Part III addresses the relevance of the study of history in today's fast-paced world. The chapters here will resonate with a new generation of readers: on everyday history, oral history, material culture, public

history, event analysis, and historical research on the Internet. This Part also includes two new chapters for this edition. GIS and CSI examines the use of geographic information systems and the science of forensics in discovering and seeing the patterns of the past. Too Much Information treats the issue of information overload, glut, fatigue, and anxiety, while giving the reader meaningful signals that can benefit the study and craft of history. A new epilogue for this edition argues for the persistence of history as a useful and critically important way to understand the world despite the information deluge.

Major help for African American history term papers has arrived to enrich and stimulate students in challenging and enjoyable ways. Students from high school age to undergraduate will be able to get a jump start on assignments with the hundreds of term paper projects and research information offered here in an easy-to-use format. Users can quickly choose from the 100 important events, spanning from the expansion of the slave trade to North America in 1581 to the devastation of Hurricane Katrina in 2005. Each event entry begins with a brief summary to pique interest and then offers original and thought-provoking term paper ideas in both standard and alternative formats that often incorporate the latest in electronic media, such as iPod and iMovie. The best in primary and secondary sources for further research are then annotated, followed by vetted, stable Web site suggestions and multimedia resources, usually films, for further viewing and listening.
