Acclaimed as one of the most exciting books in the history of American letters, this modern epic became an instant bestseller upon publication in 1974, transforming a generation and continuing to inspire millions. This 25th Anniversary Quill Edition features a new introduction by the author; important typographical changes; and a Reader's Guide that includes discussion topics, an interview with the author, and letters and documents detailing how this extraordinary book came to be. A narration of a summer motorcycle trip undertaken by a father and his son, the book becomes a personal and philosophical odyssey into fundamental questions of how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austere beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, Zen and the Art of Motorcycle Maintenance is a touching and transcendent book of life.

When the supply of new Harleys ran short several years ago and riders had to wait in line for three years to buy a new Harley-Davidson, people soon learned they could build a better bike at home with parts from the aftermarket.

The phrase, Bonneville Salt Flats, strikes a chord with any true gear-head. For motorcycle enthusiasts the allure is even stronger. How to Build a Bonneville Salt Flats Motorcycle documents the construction of "The Worlds Fastest Panhead," conceived and assembled by Keith Ball, former editor or Easyriders magazine. Building a Bonneville Salt Flats winner presents a whole series of hurdles. Keith describes each hurdle, and how it was overcome, from determining the best frame dimensions to making the un-streamlined machine as aerodynamic as possible.

The urge has found you daydreaming more than once. The urge to define, bend, shape, fabricate, invent, shove, break. To slide your leg over the seat you finally got back from the leather shop. To twist back the throttle grip you wrapped yourself. To lunge into the darkness of an open highway on a creation all your own. More than a motorcycle, this is about your identity. It's about building something as unique as you are. In The Build, Robert Hoekman Jr compiles insights from today's best builders to help you plot out your own beautiful beast. Loaded with photos, The Build features firsthand advice from the masters of moto design, including John Ryland (Classified Moto), Alan Stulberg (Revival Cycles), Jared Johnson (Holiday Customs), Jarrod DelPrado (DP Customs), and the legendary Max Hazan (Hazan Motorworks). You've seen what can be done. It's time to do it yourself. Get The Build.

Building a custom motorcycle has never been more popular, with even the major manufacturers keen to capitalize on the growing trend. A custom motorbike is the product of an owner using their own skills to produce an individual machine, and with the right tools and approach it is well within most people's means to take a standard machine, new or second-hand, and make it their personal statement. Providing clear and practical advice, this new book, Customizing Your Motorcycle - Shed-Built to Show Bike introduces the reader to the techniques and processes needed to customize any motorcycle. Eschewing the practice of using expensive off-the-shelf parts, it shows how the shrewd use of salvaged and alternative sources is not only economic but also results in a satisfyingly unique custom machine. Projects demonstrate how to make custom parts, while examples of how different custom bikes were built by the author show how they are designed and put together. The book covers: An introduction to the main styles on which today's custom scene was founded; Choosing a suitable bike and how to make decisions when buying second-hand; Workshop setup and tools; Components of a bike and custom parts; Basic improvements and the essential maintenance to make a safe and usable bike; Modifying frames and building seats, tanks and other components; Welding, cleaning and preparation for painting. Richly illustrated with 409 colour photographs.
