A complete history of one of the world's most iconic cocktails--now the poster child of the modern cocktail revival--with fifty recipes for classic variations as well as contemporary updates. No single cocktail is as iconic, as beloved, or as discussed and fought-over as the Old-Fashioned. Its formula is simple: just whisky, bitters, sugar, and ice. But how you combine those ingredients--in what proportion, using which brands, and with what kind of garnish--is the subject of much impassioned debate. The Old-Fashioned is the spirited, delightfully unexpected story of this renowned and essential drink: its birth as the ur-cocktail in the nineteenth century, darker days in the throes of Prohibition, re-ascension in the 1950s and 1960s (as portrayed and re-popularized by Don Draper on Mad Men), and renaissance as the star of the contemporary craft cocktail movement. Also featured are more than forty cocktail recipes, including classic variations, regional twists, and contemporary updates from top bartenders around the country. All are accessible, delicious, and elegant in their simplicity, demonstrating the versatility and timelessness of the Old-Fashioned formula. With its rich history, stunning photography, and impeccable recipes, The Old-Fashioned is a celebration of one of America's greatest bibulous achievements. It is a necessary addition to any true whiskey- or cocktail-lover's bookshelf, and destined to become a classic on par with its namesake beverage.

We all love to read and learn from books, but The Repurposed Library takes our passion even further, presenting us with 33 projects to make--quite literally--out of books. For these projects, Lisa Occhipinti rescues and repurposes orphaned and outdated books from flea markets and library sales and turns them into new art objects and practical items for the home. Her creations range from artfully constructed mobiles, wreaths, and vases, to functional items like shelves, storage boxes, and even a Kindle "keeper" for those who want to replicate the sensation of holding a "real" book while reading from an e-reader. Projects utilize every imaginable part of a book--from hardback cover to individual pages--and are a DIY celebration of a new way to view a book's potential. Praise for The Repurposed Library: "In an age when the bound book is an endangered species, [Occhipinti's] artwork is nicely topical. She now has a book of her own, The Repurposed Library, out this week from Stewart, Tabori & Chang. In it, she offers readers a how-to guide to making household objects from, well, books, like a mirror, a lamp and a fire screen, as well as the winsome mobile shown on the cover." - The New York Times "Book hoarders rejoice: all those random children's books, encyclopedias, and unread paperbacks are about to find their purpose. . . . Furnished with cheery photographs and numerous hand-drawn diagrams, this endearing book will appeal to veteran crafters and literati alike." -BUST magazine "The book is really well-made, fittingly. Make Old Bones By: Leslie S. Talley Fifteen-year-old Connie Kittredge disappears in 1953, presumed drowned, in Daytona Beach, Florida. Almost forty years later, her skeleton is discovered in the disused dumbwaiter of historic Belgrath House, situated on an island in the tidal Halifax River. The discovery coincides with the thirty-five year reunion of Connie's Class of '57. Clarice and Otis Campion function as caretakers of Belgrath, newly restored and opened as a B & B. Clarice, along with their permanent guest Miss Letty, ninety-year-old star of the silent screen, decides to investigate the mystery. Could the murderer be one of Connie's classmates, now respectable citizens? A rejected boy friend? A jealous girl? Connie, a sneaky child, loved the power of finding out secrets; perhaps she found one just too dangerous for her to live. At a wake for Connie held at Belgrath House, someone collapses from iced tea laced with cherry laurel, proving that the murderer is still around - and dangerous. Complications cloud the picture in the form of suspicious bed and breakfasters, restoration society members, University of Florida freshmen...and a certain pelican. Clarice and Miss Letty re-double their efforts at sleuthing. The death of Connie Kittredge is tied directly to the history of the house, they learn. The house will ultimately reveal its secrets, but not before exposing Clarice to danger. Inadvertently left behind during a forced evacuation due to Category Four Hurricane Aphrodite, Clarice finds herself confronting a killer - and a rising tidal surge.
