Improbable, if not impossible. How could a people who'd been scattered for two millennia reestablish a homeland on their ancient soil? Against all odds, an irresistible desire to return grew in courageous Jewish men and women who set out to rebuild their decimated homeland. Help came first through Great Britain's pledge to restore Palestine to the Jews. Britain, however, nearly reneged on that promise just as the Jews faced the Nazi Holocaust. Near the end of WWII, an unlikely man rose to the presidency of the United States. Harry S. Truman, a farmer and failed business owner, would decide not only the fate of Jewish survivors but also the future of their homeland. As a vote approached in the fledgling United Nations, pressure mounted. Truman slammed the White House doors shut to all who wanted to discuss Jewish statehood. Could anyone persuade the most powerful man in the world to reconsider? I Am Cyrus tells the epic story of Israel's rebirth--promises made, promises broken, and ultimately the fulfillment of the ancient prophecy that this people would indeed return to their Promised Land.

Within this relocation town, Sardis struggles with the loss of his mother, who was not only his mentor but his closest friend. But Sardis is about to learn that his mother had a secret: a secret so impactful, it will change the course of his future and the future of all mankind. Or will he succumb to the darkness and fear that forever clutches his frail human heart? *The Rescue of the Bride* delves deep into the essence of the human spirit, dividing joy and fear, light and darkness, using God's promises to unlock the truth hidden within the heart of every man.

“ There are multiple sides to all of us. Who we are and who we might be if we follow our dreams. ” -Miley Cyrus

Three years ago, Miley Cyrus was a virtual unknown. Her life in rural Tennessee was filled with family, friends, school, cheerleading, and the daily tasks of living on a farm. And then came a little show called Hannah Montana. Almost overnight, Miley would rocket to superstardom, becoming a television and singing phenomenon. Quiet days were replaced with sold-out concerts, television appearances, and magazine shoots. But through it all, Miley has remained close to her family and friends and has stayed connected to the Southern roots that made her so strong. In *Miles to Go*, Miley offers an honest, humorous, and often touching story of one girl's coming-of-age--from private moments with her pappy to off-roading with her dad, Billy Ray, to her run-ins with mean girls. Miley talks about suffering through drama and heartbreak and coming out the other end unscathed (relatively). And now for the first time, she will discuss it all—the milestones still left to reach (driver ' s license! voting!), dreams to live out (travel to Asia! find true love!), and the lessons to be learned (remembering to enjoy every moment!). This is a truly unique look inside the world of one of today ' s biggest and brightest stars as she tackles looking back and moving forward.

A modern, accessible translation of the ancient Athenian's account of Cyrus the Great's military campaign discusses his founding of the Persian empire, rescue of some 40,000 Jewish captives, and benevolent leadership style that won the respect of his enemies, in a volume that also reveals how today's business and government leaders can draw on his examples.
