What do brands like Apple, Diesel, Abercrombie & Fitch and Virgin have in common and what differentiates them from other brands? These brands are able to maintain a relationship with their clients that goes beyond brand loyalty. This gives a complete analysis of Lifestyle Brands, that inspire, guide and motivate beyond product benefits alone.

Men are purchasing more clothes, shoes, health and beauty products, and personal care services than ever before. The world of men 's retail has remained a kind of bug in amber, frozen in time, with the same century-old style of merchandising and selling. A store must not simply provide, but

educate the male customer, who is growing hungry for something more than the usual Blue Plate Special of khakis and polo shirts. To better attract this new wave of interested consumers, products in the U.S. must be merchandised and sold in a completely different manner. The design and branding of a man ' s store ought to make men want to go shopping. Branding the Man offers retailers, buyers, and marketers strategic solutions to revolutionize men ' s retail via some relatively simple conceptual strategies. Author Bertrand Pellegrin utilizes his years as a retail strategist to help retailers understand classic men ' s environments – ones where men are most naturally inclined to spend time – and leverage the

opportunities which arise from these “ comfort zones ” to engage and sell to the male customer.

Branding the Man immerses the reader in a discussion of men ’ s retail environments spanning every level: store design, buying/sourcing, merchandising, marketing and advertising, and promotion and lays out a blueprint for how men can be developed as the “ next frontier ” in retail.

music and interiors that make them as potent as "designer" brands many times their size. Showcasing 32 cult streetwear brands, this book focuses not on the endless me-too labels, but the exciting pioneers that have shaped the market since the late 1980s. Cult Streetwear tells the stories of the people behind the brands—from entrepreneurs to graffiti writers, DJs to surf dudes to sneaker nuts, from LA to NYC, London to Tokyo.

Responding to the development of a lively hip hop culture in Central and Eastern European countries, this interdisciplinary study demonstrates how a universal model of hip hop serves as a contextually situated platform of cultural exchange and becomes locally inflected. After the Soviet Union fell, hip hop became popular in urban environments in the region, but it has often been stigmatized as inauthentic, due to an apparent lack of connection to African American historical roots and black identity. Originally strongly influenced by aesthetics

from the US, hip hop in Central and Eastern Europe has gradually developed unique, local trajectories, a number of which are showcased in this volume. On the one hand, hip hop functions as a marker of Western cosmopolitanism and democratic ideology, but as the contributors show, it is also a malleable genre that has been infused with so much local identity that it has lost most of its previous associations with "the West" in the experiences of local musicians, audiences, and producers. Contextualizing hip hop through the prism of local experiences and regional musical expressions, these valuable case studies reveal the broad spectrum of its impact on popular culture and youth identity in the post-
