First published in 1952, the International Bibliography of the Social Sciences (anthropology, economics, political science, and sociology) is well established as a major bibliographic reference for students, researchers and librarians in the social sciences worldwide. Key features \* Authority: Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced. Articles and books are selected on merit by some of the world's most expert librarians and academics. \*Breadth: today the IBSS covers over 2000 journals - more than any other comparable resource. The latest monograph publications are also included. \*International Coverage: the IBSS reviews scholarship published in over 30 languages, including publications from Eastern Europe and the developing world. \*User friendly organization: all non-English titles are word sections. Extensive author, subject and place name indexes are provided in both English and French.
