Game Design Workshop is a truly great book, and has become, in my opinion, the de facto standard text for beginner- to intermediate-level game design education. This updated new edition is extremely relevant, useful and inspiring to all kinds of game designers. — Richard Lemarchand, Interactive Media & Games Division, School of Cinematic Arts, University of Southern California —————

This is the perfect time for a new edition. The updates refresh elements of the book that are important as examples, but don't radically alter the thing about the book that is great: a playcentric approach to game design. — Colleen Macklin, Associate Professor, Parsons The New School for Design —————

————— Tracy Fullerton ' s Game Design Workshop covers pretty much everything a working or wannabe game designer needs to know. She covers game theory, concepting, prototyping, testing and tuning, with stops along the way to discuss what it means to a professional game designer and how to land a job. When I started thinking about my game studies course at the University of Texas at Austin, this was one book I knew I had to use. — Warren Spector, Studio Director, OtherSide Entertainment —————
