This book details the great unreported story of the Chinese giant and its enormously rapid conversion to Christianity and what this change means to the global balance of power.

The True Jesus Church was China's first major native Christian denomination and one of the earliest expressions of the charismatic and Pentecostal tradition that now dominates Chinese Christianity. Founded in 1917, after a silk merchant had a vision of Jesus, the Church was characterized by dramatic healings,

In this history of the True Jesus Church, Melissa Wei-Tsing Inouye links together key themes from modern Chinese social history to tell the story of how members of the True Jesus Church in China over the past century have sought to muster divine and human resources to transform their world.

What is the state of Christianity in China, really? Some scholars say that China is invulnerable to religion. Some say that past efforts of missionaries have failed, writing off those who were converted as nothing more than “rice Christians,” or cynical souls who had frequented the missions for the

benefits they provided. Some wonder if the Cultural Revolution extinguished any chances of Christianity in China. Rodney Stark and Xiuhua Wang offer a different perspective, arguing that Christianity is alive, well, and even on the rise. Stark approaches the topic from an extensive research background in both Christianity and Chinese history, and Wang provides an inside look at Christianity and its place in her home country of China. Both authors cover the history of religion in China, disproving older theories concerning not only the number of Christians, but the kinds of Christians that have emerged in the past 155 years. Stark and Wang claim that when just considering the visible Christians, those not part of underground churches, there are still thousands of Chinese being converted

to Christianity each day, and forty new churches opening each week. A Star in the East draws on two major national surveys to sketch a close-up of religion in China. A reliable estimate is that by 2007 there were approximately 60 million Christians in China. If the current rate of growth were to hold until 2030, there would be more Christians in China—about 295 million—than in any other nation on earth. This has significant implications, not just for China but for the greater world order. It is probable that Chinese Christianity will splinter into denominations, likely leading to the same kinds of political, social, and economic ramifications seen in the West today. Whether you're new to studying Christianity in China, or whether this has been your area of interest for years, A Star in the East

provides a reliable, thought-provoking, and engaging account of the resilience of the Christian faith in China and the implications it has for the future.

Reconstructions of Jesus occurred in Asia long before the Western search for the historical Jesus began in earnest. This enterprise sprang up in seventh-century China and seventeenth-century India, encouraged by the patronage and openness of the Chinese and Indian imperial courts. While the Western quest was largely a Protestant preoccupation, in Asia the search was marked by its diversity: participants included Hindus, Jains, Muslims, Catholics, and members of the Church of the East. During the age of European colonialism, Jesus was first seen by many Asians as a tribal god of

the farangis, or white Europeans. But as his story circulated, Asians remade Jesus, at times appreciatively and at other times critically. R. S.

Sugirtharajah demonstrates how Buddhist and Taoist thought, combined with Christian insights, led to the creation of the Chinese Jesus Sutras of late antiquity, and explains the importance of a biography of Jesus composed in the sixteenth-century court of the Mughal emperor Akbar. He also brings to the fore the reconstructions of Jesus during the Chinese Taiping revolution, the Korean Minjung uprising, and the Indian and Sri Lankan anti-colonial movements. In *Jesus in Asia*, Sugirtharajah situates the historical Jesus beyond the narrow confines of the West and offers an eye-opening new chapter in the story of global

The Light Shines in the Darkness

Balance Of Power David
There is more to China's story than its rise as a global economic power. The Holy Spirit has birthed a vibrant, rapidly growing house church movement in China's cities. For years, Christians in the West have heard rumors of house churches in the rural countryside with believers numbering in the tens of millions. Now the underground movement has emerged among China's upwardly mobile, globally connected urbanites--and there will be no turning back! In Christian China and the Light of the World, you'll meet believers serving God's people in the People's Republic of China. Learn about the political, social and economic pressures faced by the urban Chinese church, and find

out how you can pray for and support your sisters and brothers in Christ who are following Him no matter the cost. Their true stories of the Holy Spirit's miraculous move across the most populous nation on earth will thrill and inspire you . . . and lead you to worship the Light that darkness cannot overcome.

Tens of millions of Christians live in China today, many of them leading double lives or in hiding from a government that relentlessly persecutes them. Bob Fu, whom the Wall Street Journal called "The pastor of China's underground railroad," is fighting to protect his fellow believers from persecution, imprisonment, and even death. God's Double Agent is his fascinating and riveting story. Bob Fu is indeed God's double agent. By day

Fu worked as a full-time lecturer in a communist school; by night he pastored a house church and led an underground Bible school. This can't-put-it-down book chronicles Fu's conversion to Christianity, his arrest and imprisonment for starting an illegal house church, his harrowing escape, and his subsequent rise to prominence in the United States as an advocate for his brethren. *God's Double Agent* will inspire readers even as it challenges them to boldly proclaim and live out their faith in a world that is at times indifferent, and at other times murderously hostile, to those who spread the gospel.

areas. In 2010, the Pew Forum on Religion and Public Life, the gold standard of contemporary religion statistics, concluded that Christians are the most widely persecuted religious group in the world. In December 2010, the Vatican reported the same conclusion. This timely and well-documented book tells this story well, in a journalistic and lively way, punctuated with compelling stories. Persecuted offers readers an overview of Christian persecution, analyzing patterns of repression, abuse, and violence across the globe. It explores the reasons that specific ideological, religious, and political groups and establishments target Christian believers as enemies. Woven throughout are vivid examples of Christians persecuted and harassed for their faith. These cases illuminate

the courage it takes to be a Christian in today's world. The book provides examples of how the church, including the American church, has successfully diminished or halted repression in other countries, and suggests the steps we can take together in the future.
