Indeed one of the benefits of job evaluation is that it uses a common language and a common set of terms to describe all jobs. Job evaluation is about highlighting similarities between jobs via common language and measurement. Profiles apply these principles to particular job groups. 2. What profiles are and are not. 2.1 Profiles are:

implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact

their thoughts. Therefore managing human beings requires skills and expertise so they can fulfill their jobs. In order for employees to fulfill their job efficiently and effectively, job evaluation is an important human resource practice to determine the value or worth of a particular job in comparison with other jobs. Job evaluation is one the simplest however critical in nature. One of the basic approaches in job evaluation is ranking. Ranking involves comparing jobs to each other based on the overall worth of a job to an organization. This book provide a
