As Mr Ishiguro, who was born in Nagasaki but has lived in England since he was five, understands, nations like people can make foolish decisions and be in denial about their consequences. They can commit acts of self-harm. "Global Britain" is one of the cant phrases of our age.

Leader: Kazuo Ishiguro, Brexit and global Britain

Kazuo Ishiguro, in full Sir Kazuo Ishiguro, (born November 8, 1954, Nagasaki, Japan), Japanese-born British novelist known for his lyrical tales of regret fused with subtle optimism. In 2017 he won the Nobel Prize for Literature for his works that "uncovered the abyss beneath our illusory sense of connection with the world."

private detective investigating his parents' disappearance in the city some 20 years earlier. It was shortlisted for both the Whitbread Novel Award and the Booker Prize for Fiction.

Kazuo Ishiguro - Literature

An Artist of the Floating World (1986) is a novel by Nobel Prize-winning British author Kazuo Ishiguro. It is set in post-World War II Japan and is narrated by Masuji Ono, an ageing painter, who looks back on his life and how he has lived it. He notices how his once great reputation has faltered since the war and how attitudes towards him and his paintings have changed.

Bringing together an international group of scholars, this collection offers a fresh assessment of Kazuo Ishiguro's evolving significance as a contemporary world author. The contributors take on a range of the aesthetic and philosophical themes that characterize Ishiguro's work, including his exploration of the self, family, and community; his narrative constructions of time and space; and his assessments of the continuous and discontinuous forces of history, art, human psychology, and cultural formations. Significantly, the volume attends to Ishiguro's own self-identification as an international writer who has at times expressed his uneasiness with being grouped together with British novelists of his generation. Taken together, these rich considerations of Ishiguro's work attest to his stature as a writer who continues to fascinate cultural and textual critics from around the world.

In this convincing and provocative study, Rebecca Suter aims to complicate our understanding of world literature by examining the creative and critical deployment of cultural stereotypes in the early novels of Kazuo Ishiguro. "World literature" has come under increasing scrutiny in recent years: Aamir Mufti called it the result of "one-world thinking," the legacy of an imperial system of cultural mapping from a unified perspective. Suter views Ishiguro's fiction as an important alternative to this paradigm. Born in Japan, raised in the United Kingdom, and translated into a broad range of languages, Ishiguro has throughout his career consciously used his multiple cultural positioning to produce texts that look at broad human concerns in a significantly different way. Through a close reading of his early narrative strategies, Suter explains how Ishiguro has been able to create a "two-world literature" that addresses universal human concerns and avoids the pitfalls of the single, Western-centric perspective of "one-world vision." Setting his first two novels, *A Pale View of Hills* (1982) and *An Artist of the Floating World* (1986), in a Japan explicitly used as a metaphor enabled Ishiguro to parody and subvert Western stereotypes about Japan, and by extension challenge the universality of Western values. This subversion was amplified in his third novel, *The Remains of the Day* (1989), which is perfectly legible through both English and Japanese cultural paradigms. Building on this subversion of stereotypes, Ishiguro's early

work investigates the complex relationship between social conditioning and agency, showing how characters' behavior is related to their cultural heritage but cannot be reduced to it. This approach lies at the core of the author's compelling portrayal of human experience in more recent works, such as *Never Let Me Go* (2005) and *The Buried Giant* (2015), which earned Ishiguro a global audience and a Nobel Prize. Deprived of the easy explanations of one-world thinking, readers of Ishiguro's two-world literature are forced to appreciate the complexity of the interrelation of individual and collective identity, personal and historical memory, and influence and agency to gain a more nuanced, "two-world appreciation" of human experience.

Bringing together an international group of scholars, this collection offers a fresh assessment of Kazuo Ishiguro's evolving significance as a contemporary world author. The contributors take on a range of the aesthetic and philosophical themes that characterize Ishiguro's work, including his exploration of the self, family, and community; his narrative constructions of time and space; and his assessments of the continuous and discontinuous forces of history, art, human psychology, and cultural formations. Significantly, the volume attends to Ishiguro's own self-identification as an international writer who has at times expressed his uneasiness with being grouped together with British novelists of his generation. Taken together, these rich considerations of Ishiguro's work attest to his stature as a writer who continues to fascinate cultural and textual critics from around the world.

From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* In the face of the misery in his homeland, the artist Masuji Ono was unwilling to devote his art solely to the celebration of physical beauty. Instead, he put his work in the service of the imperialist movement that led Japan into World War II. Now, as the mature Ono struggles through the aftermath of that war, his memories of his youth and of the "floating world"—the nocturnal world of pleasure, entertainment, and drink—offer him both escape and redemption, even as they punish him for betraying his early promise. Indicted by society for its defeat and reviled for his past aesthetics, he relives the passage through his personal history that makes him both a hero and a coward but, above all, a human being.

A new edition of the first full-length study of contemporary British writer Kazuo Ishiguro and his works, up to 2005. This book explores his uses of memory and its unreliability in narrative, his manipulations of desire and how humans reinterpret worlds from which they feel estranged. All of his works are eloquent expressions of people struggling with the silence of pain and the awkward stutters of confusion and loss. This book examines his subtle and ironic portrayals of people in 'emotional bereavement' and it situates Ishiguro as an important international novelist by looking at his constructions of personal and political histories. Best known for the Booker Prize-winning and Merchant-Ivory film adaptation of *The Remains of the Day*, Ishiguro continues his formal experimentation in narrative voice with subsequent work and emphasises the necessary, yet futile, spirit that envelops many of his characters.

Having earned an international reputation with his booker-prize-winning novel, *The Remains of the Day*, Kazuo Ishiguro is fast emerging as an important cultural figure of our times. In this guide to Ishiguro's varied and often experimental work, Wai-chew Sim presents: a

biographical survey of Ishiguro's literary career, and an introduction to his novels, plays and short stories an accessible overview of the contexts and many interpretations of his work, from publication to the present discussions of key topics in Ishiguro criticism such as narrative theory, multicultural Britain and postcolonial studies, psychoanalytic criticism, and Ishiguro as international writer cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of Kazuo Ishiguro and seeking not only a guide to his works but also a way through the wealth of contextual and critical material that surrounds them.

The Nobel Lecture in Literature, delivered by Kazuo Ishiguro (*The Remains of the Day* and *When We Were Orphans*) at the Swedish Academy in Stockholm, Sweden, on December 7, 2017, in an elegant, clothbound edition. In their announcement of the 2017 Nobel Prize in Literature, the Swedish Academy recognized the emotional force of Kazuo Ishiguro's fiction and his mastery at uncovering our illusory sense of connection with the world. In the eloquent and candid lecture he delivered upon accepting the award, Ishiguro reflects on the way he was shaped by his upbringing, and on the turning points in his career—"small scruffy moments . . . quiet, private sparks of revelation"—that made him the writer he is today. With the same generous humanity that has graced his novels, Ishiguro here looks beyond himself, to the world that new generations of writers are taking on, and what it will mean—what it will demand of us—to make certain that literature remains not just alive, but essential. An enduring work on writing and becoming a writer, by one of the most accomplished novelists of our generation.

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.
