In the tradition of *The Sociopath Next Door*, clinical psychologist Joseph Burgo's *The Narcissist You Know* is a "clear, easily digestible" (Kirkus Reviews) guide to help you identify, disarm, and coexist with extreme narcissists. In today's social media and selfie-obsessed culture, we are living in an age of narcissism—and a society that often celebrates this potentially harmful trait rather than understanding it as a psychological disorder. Scientists are beginning to learn that narcissism exists on a spectrum—much like autism—and most of us exhibit some mild narcissistic tendencies. But one in twenty people fall into a category the author refers to as Extreme Narcissism, in which these self-absorbed characteristics result in destructive behavior that harms not only the individual but everyone around them, including friends, family, and coworkers. With more than thirty years of experience studying personality disorders and treating extreme narcissists, Dr. Joseph Burgo has developed a useful guidebook to help you "spot narcissists out there in the wild" (Glamour) and then understand and manage the narcissistic personalities in your own life. Relying on detailed profiles, vignettes from the author's practice, and celebrity biographies, *The Narcissist You Know* offers easy-to-understand tools and solutions you can use to defuse hostile situations and survive assaults on your self-esteem should you ever find yourself in an extreme narcissist's orbit.

*Dollhouse* is a first fiction collaboration by the fabulous Kardashian sisters—Kourtney, Kim, and Khloé. Fans will love this novel which reveals the inner workings of a glamorous, high profile, and complicated family which, at the center of their universe, is one with a huge heart and a lot of love. Kendall and Kylie Jenner, stars on the hit reality show Keeping Up with the Kardashians, present their debut novel—a thrilling dystopian story about two super-powered girls who embark on a journey together. In a world of the far future, the great City of Indra has two faces: a beautiful paradise floating high in the sky, and a nightmare world of poverty carved beneath the surface of the Earth. Lex grew up in an orphanage deep in the dark. But even as a child, she instinctively rebelled against her fate—the time when she would be judged either useful to Society or forced to live among the mutations in Rock Bottom, the lowest level. When she is chosen to become an elite cadet of the Population Control Forces, only her fellow cadet Kane truly understands her longing for freedom. Unknown to her, one girl secretly shares her defiance. Livia Cosmo, the Orphan Aïress, may live on a sky island surrounded by wealth and privilege, but she is just as restricted as Lex. Rigid discipline governs her every movement, as she learns the art of becoming a Proper Young Woman, the belle of the Emergence Ball, ready to be picked for "cohabitation" by the finest of the Proper Young Men. Her future is assured, until an intriguing encounter with a young man named Kane changes everything. For that is when Lex's and Livia's destinies collide.... Approached by an old enemy to help save Kane from mortal danger, Lex sacrifices her Special Ops career to find him in the Islands among the clouds. Her search, high above in the beautiful spires of the City of Indra, brings her instead to the airgirl Livia. Lex and Livia should have nothing in common, and yet they share a kindred yearning for escape from the strict rules that bind them...and a mystifying identical mark. Brought together by danger, they set out to find Kane, but what they discover is even stranger than either dreams.

“Reflective maxims on life, death, sin, and emptiness, salted with luxury accessories of the Kardashian lifestyle...@KimKierkegaard is dross turned gold, redemption through absurdity in a hundred and forty characters.” –The New Yorker In “the ultimate meeting of the sublime with the ridiculous” (London Evening Standard) My Beautiful Despair blends the existential philosophy of Søren Kierkegaard with the superficial musings of Kim Kardashian West, based on the popular Twitter feed @KimKierkegaard. Kierkegaardashian shares thoughts on fashion, beauty, brunch, and the relentless waves of existential dread that wash over us day after day. A sample of the revelations include: – I have majorly fallen off my workout-eating plan! AND it's summer. But to despair over sin is to sink deeper into it. – Obsessed with protecting your skin, lips, hair & face from the sun? Close the cover of the coffin tight, really tight, and be at peace. – I like my men like I like my coffee: a momentary comfort in the midst of all my suffering. – What is the operation by which a self relates itself to its own self, transparently? Selfie. – What if everything in life were a misunderstanding, what if laughter were really tears? Scared LOL!! – I've been going to bed a little bit earlier each night, to get a taste of death. In an age where the line between news and entertainment is blurrier than ever before, and the difference between a celebrity and the leader of the free world is nil, Kierkegaardashian's insights perfectly reflect our absurd, hilarious, and deeply disturbing new era. @KimKierkegaard has been admired, praised, and adored in The New Yorker, The Washington Post, The New York Times, Financial Times, The Economist, New York, BuzzFeed, and more, and has amassed nearly a quarter of a million Twitter followers, including J.K. Rowling and Anna Kendrick. Now in a humorous, illustrated gift book, perfectly suited for our existential times, Kierkegaardashian's philosophical insights are juxtaposed for the first time with Dash Shaw's brilliant black-and-white illustrations.
