"Life as a Dance" is the way I have seen my journey on earth. Through dancing I found the person I wanted to be-someone who was confident in his abilities and place in the world-and I was able to leave a restrictive self-image behind. I believe that everyone must develop unique talents and must step into the bright lights that are waiting to shine on all corners of life's stage and to illuminate each individual with a more ideal sense of who he or she is. By expressing one's talents, no one can fail to gain freedom from self-imposed limitations. My life has been one long adventure as a soldier, diplomatic courier, radio and newspaper reporter, businessman, and real estate investor. The career that gave me the most joy and fulfillment was my career as a parent. I still maintain a close relationship with my two sons. Throughout my life, there were partners I could dance with and partners I could not dance with. Sometimes the music was hard to follow, and I lost the beat. At other times, I heard the song clearly and, hopefully, was able to express some measure of harmony, rhythm, poise, and balance.
