judicial and legislative structures of the country. Given the increasing global dimension of AML/CTF activities, these sections give special attention to how a country has created statutes, decisions, policies and the judicial enforcement procedures needed to combat money laundering and terrorist financing. Part IV, "Compliance," examines the most critical processes for the prevention and detection of money laundering and terrorist financing. This section reflects on the practical elements that should be in place so that financial institutions can comply with

AML/CTF requirements; these are categorized into the development and implementation of internal controls, policies and procedures. Part V, "International Cooperation," reviews the compilation of international laws and treaties between countries working together to combat money laundering and terrorist financing. As these unlawful activities can occur in any given country, it is important to identify the international participants who are cooperating to develop methods to obstruct these criminal activities.

contributing to the impoverishment of the world's poorest countries. Many developing countries have already sought to recover stolen assets. A number of successful high-profile cases with creative international cooperation has demonstrated that asset recovery is possible. However, it is highly complex, involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions, as well as the capacity to trace and secure assets and pursue various legal options—whether criminal confiscation, non-conviction based confiscation, civil actions, or other

forfeiture and confiscation laws that are applied through the civil process rather than the traditional criminal justice system. The authors gathered here analyze the appeal these civil forfeiture laws have for governments for their potential to disrupt criminal organizations and for their quantifiable benefits to the state. But without the usual safeguards of the criminal process, civil forfeiture laws are controversial, attracting constitutional challenges, particularly on human rights grounds. This book will be of great interest to policy-makers in government, and law

cases. This study was intended to introduce United States (U.S.) attorneys, victims of fraud, and prosecutors to the mutual legal assistance process between the U.S. and Switzerland and to demonstrate how this process can be used for asset recovery in criminal money laundering cases. The importance of the study is to educate the parties on when this mechanism is available, how it works, its limitations and advantages, and asset recovery alternatives. This study found that although Switzerland is a money laundering haven that has taken a position against money laundering and has developed

the framework to combat it and to cooperate with other jurisdictions to freeze, seize, and return criminal proceeds. Most MLAT requests made by the U.S. to Switzerland relate to money laundering, and the Swiss have a strong record of accepting requests provided certain conditions are met. MLAT requests can be denied on grounds of fishing expedition, double criminality, broad jurisdiction, or statute of limitations. The study found the best strategy to obtain victim restitution in criminal money laundering cases is often determined by the stage of the proceedings. MLAT appears to be
