During the antebellum period, slave owners weaponized southern Black joy to argue for enslavement, propagating images of “ happy darkies. ” In contrast, abolitionists wielded sorrow by emphasizing racial oppression. Both arguments were so effective that a political uneasiness on the subject still lingers. In *The Politics of Black Joy*, Lindsey Stewart wades into these uncomfortable waters by analyzing Zora Neale Hurston ’ s uses of the concept of Black southern joy. Stewart develops Hurston ’ s contributions to political theory and philosophy of race by introducing the politics of joy as a refusal of neo-abolitionism, a political tradition that reduces southern Black life to tragedy or social death. To develop the politics of joy, Stewart draws upon Zora Neale Hurston ’ s essays, Beyoncé ’ s *Lemonade*, and figures across several disciplines including Frederick Douglass, W. E. B. Du Bois, Toni Morrison, Angela Davis, Saidiya Hartman, Imani Perry, Eddie Glaude, and Audra Simpson. The politics of joy offers insights that are crucial for forming needed new paths in our current moment. For those interested in examining popular conceptions of Black political agency at the intersection of geography, gender, class, and Black spirituality, *The Politics of Black Joy* is essential reading.

Provides a comprehensive, easy-to-follow summary of how search engines work, along with helpful techniques for fundamental Web site optimization, including techniques of analysis and ongoing maintenance, search engine marketing tools, and more. Original.

Offers key historical and interpretative texts on the development and role of "the screen" in communications and the social sphere.

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

Created by the Journal of International Law and Politics at New York University, the Guide to Foreign and International Legal Citations is the most comprehensive source for international citations rules. Including 45 country citation systems, as well as citation rules for international organizations, tribunals, and treaties, the updated Second Edition offers updated and expanded coverage. The only reference that focuses entirely on international citation, Guide to Foreign and International Legal Citation, Second Edition, features: manageable length, convenient Wire-O binding, and easy-to-use page format logical three-part organization: Country Citation Guides Citation Guides for International Organizations Citation Guides for International and Regional Tribunals a Country Profile for each listing followed by its Citation Guide examples that reflect acceptable variability of citation in practice
