This collection of ten absorbing tales by master psychotherapist Irvin D. Yalom uncovers the mysteries, frustrations, pathos, and humor at the heart of the therapeutic encounter. First published in 1989, this New York Times bestselling collection of ten tales has become a classic. Yalom not only gives us a rare and enthralling glimpse into his patients' personal desires and motivations, but also tells his own story as he struggles to reconcile his all-too-human response with his sensibility as a psychiatrist. Now with a new afterword, Love's Executioner promises to inspire generations of readers to come.

Contains eight case-studies of people the author has treated, including a woman of 67, obsessively pining with love for her 32-year-old previous therapist and a woman of 19 stone who has emotional difficulties because of her weight problem. This title includes stories that reveal the diversity of human motivation.

In this book a psychotherapist describes ten cases which include that of Thelma, an elderly woman possessed by a past love-affair; Carlos, a middle-aged man

compulsively lustful in the face of fatal cancer; and Betty, whose obesity threatens to engulf both herself and the psychiatrist. The work provides an insight into a therapist at work. Dr Yalom confronts not only his own feelings and errors, but the uncertainty at the very heart of the therapeutic encounter. He describes the way he breaks through that uncertainty to a patient's ultimate truth. Only by recognizing the stark facts of human existence, he suggests, can any of us live in full awareness of ourselves as mortal creatures.

Destined to become a classic, this New York Times bestseller tells ten powerful and moving accounts of a master therapist and his patients. confronting themselves and each other. These tales go beyond therapy to speak of the human condition in all of its oddity, beauty, and resilience.

How did Carlos' macho fantasies help him deal with terminal cancer? In *Love's Executioner* psychotherapist Irvin Yalom gives detailed and deeply affecting accounts of his work with these and seven other patients. Their case histories lay bare human anxieties - isolation, fear of death or freedom, a sense of the meaninglessness of life - that few of us escape completely, and show how we can all come to terms with such fears. Throughout, Dr Yalom remains refreshingly frank about his own errors and prejudices; his book provides a rare glimpse into the consulting room of a master

The many thousands of readers of the best-selling Love's Executioner will welcome this paperback edition of an earlier work by Dr. Irvin Yalom, written with Ginny Elkin, a pseudonymous patient whom he treated -- the first book to share the dual reflections of psychiatrist and patient. Ginny Elkin was a troubled young and talented writer whom the psychiatric world had labeled as "schizoid." After trying a variety of therapies, she entered into private treatment with Dr. Irvin Yalom at Stanford University. As part of their work together, they agreed to write separate journals of each of their sessions. *Every Day Gets a Little Closer* is the product of that arrangement, in which they alternately relate their descriptions and feelings about their therapeutic relationship.

As the public grows disillusioned with therapeutic quick fixes, people are looking for a deeper psychotherapeutic experience to make life more meaningful and satisfying. What really happens in therapy? What promises and perils does it hold for them? No

one writes about therapy - or indeed the dilemmas of the human condition - with more acuity, style, and heart than Irvin Yalom. Here he combines the storytelling skills so widely praised in Love's Executioner with the wisdom of the compassionate and fully engaged psychotherapist. In these six compelling tales of therapy, Yalom introduces us to an unforgettable cast of characters: Paula, who faces death and stares it down; Magnolia, into whose ample lap Yalom longs to pour his own sorrows; Irene, who learns to seek out anger and plunge into it. And there's Momma, old-fashioned, ill-tempered, who drifts into Yalom's dreams and tramples through his thoughts. At once wildly entertaining and deeply thoughtful, Momma and the Meaning of Life is a work of rare insight and imagination.

From the bestselling author of Love's Executioner and When Nietzsche Wept comes a provocative exploration of the unusual relationships three therapists form with their patients. Seymour is a therapist of the old school who blurs the boundary of sexual propriety with one of his clients. Marshal, who is haunted by his own obsessive-compulsive behaviors, is troubled by the role money plays in his dealings with his patients. Finally, there is Ernest Lash. Driven by his sincere desire to help and his faith in psychoanalysis, he invents a radically new approach to therapy -- a totally open and honest relationship with a patient that threatens to have devastating results. Exposing the many lies that are told on and off the psychoanalyst's couch, Lying on the Couch gives readers a tantalizing, almost illicit, glimpse at what their therapists might really be thinking during their sessions. Fascinating, engrossing and

relentlessly intelligent, it ultimately moves readers with a denouement of surprising humanity and redemptive faith.

From the internationally bestselling author of *Love's Executioner* and *When Nietzsche Wept*, comes a novel of group therapy with a cast of memorably wounded characters struggling to heal pain and change lives Suddenly confronted with his own mortality after a routine checkup, eminent psychotherapist Julius Hertzfeld is forced to reexamine his life and work -- and seeks out Philip Slate, a sex addict whom he failed to help some twenty years earlier. Yet Philip claims to be cured -- miraculously transformed by the pessimistic teachings of German philosopher Arthur Schopenhauer -- and is, himself, a philosophical counselor in training. Philip's dour, misanthropic stance compels Julius to invite Philip to join his intensive therapy group in exchange for tutoring on Schopenhauer. But with mere months left, life may be far too short to help Philip or to compete with him for the hearts and minds of the group members. And then again, it might be just long enough.

Bestselling writer and psychotherapist Irvin D. Yalom puts himself on the couch in a lapidary memoir *Irvin D. Yalom* has made a career of investigating the lives of others. In this profound memoir, he turns his writing and his therapeutic eye on himself. He opens his story with a nightmare: He is twelve, and is riding his bike past the home of an acne-scarred girl. Like every morning, he calls out, hoping to befriend her, "Hello Measles!" But in his dream, the girl's father makes Yalom understand that his

daily greeting had hurt her. For Yalom, this was the birth of empathy; he would not forget the lesson. As *Becoming Myself* unfolds, we see the birth of the insightful thinker whose books have been a beacon to so many. This is not simply a man's life story, Yalom's reflections on his life and development are an invitation for us to reflect on the origins of our own selves and the meanings of our lives.
