A Proven, Step-By-Step System To Mastering eBay and Amazon and make an income! This book contains proven strategies on how to take simple steps to making serious money on eBay, Amazon and beyond without money or products. So this obviously is about making profits on eBay and Amazon but without any funds or products. I saw people make a lot of money on eBay and Amazon, and I kept asking; "how did they do that?" "How did they get the products in the first place?" "How did they have the funds?" "How can they have all those products up-front?" And so is this one In this book, I will show you the all the tools that I use, the majority of them are free, so no cost. There's one tool that I'd like to explain that does cost, and I will be probably up front about that, and explain how much it costs. I will explain drop-shipping, which is the traditional method within eBay and Amazon. But I will show you the method that I use that's sort of a high-bred drop-shipping. Finally, I will explain the [drum roll please] master plan. You can keep this system ticking over month after month in your spare time and make some pocket money! And that's fine, because it does involve some time. Or you can really step this up big time and spend several hours a week and probably make close to, if not exceeding, your full time income. It really is up to you. What You Will Learn In This Book You will discover the tools you need to setup the whole process (hint: most of these are free) You will learn my twist on drop-shipping that means you never have to worry about returns or being ripped off again You will know at the end of the book how to always get your product shipped to the buyer for free within 24 hours Above all you will learn how to have a passive income without having any products to sell or upfront fund! P.S. Don't miss the exclusive coupon code offer at the end of this book for the video course that goes alongside this book!
