Summary 'New Theory on
Leadership Management
Science' uses
multidisciplinary systems to
comprehensively study

Download Free Management Science By

Leadership management. From philosophical, sociological, cultural, historical, management and marketing perspectives, it studies leadership management during the process of combining theory and practice from the

Download Free Management Science By

beginnings of human consumption, including household consumption and financing, and national macroscopic control and management. In terms of methodology, the book follows fundamental

Download Free Management Science By

philosophical, economic, sociological and management principles. The book mainly uses the methods of social statistics, documentary comparison, probability sampling, case studies, interviews and computer

Download Free Management Science By

Analysis, etc. Therefore, in terms of both basic theory and methodology, the book is not only an economic work but involves multiple disciplines. Key Features Links leadership and management, which are;

Download Free Management Science By

refers to the transformation of the classical Chinese leadership management school of thought, and advances it as a leading management school of thought; comprehensive and systematic advancement of leadership

Download Free Management Science By

management practice
strategy, including national
practice, development
strategy, and corporate
practice development
strategy; proposes that the
core of leadership
management philosophy is

Download Free Management Science By

epistemology and methodology; emphasizes that practical philosophy should be the first philosophy in the process of human leadership management; develops a new interpretation of the

Download Free Management Science By

subjects and objects of leadership management and the quality of leadership management; puts forward new business concepts, new concepts of enterprise management and enterprise management law, and specific
