In writing this textbook, Mankiw has tried to put himself in the position of someone seeing economics for the first time. The author's conversational writing style is superb for presenting the politics and science of economic theories to tomorrow's decision-makers. Because Mankiw wrote it for the students, the book stands out among all other principle texts by intriguing students to apply an economic way of thinking in their daily lives. Receiving such praise as "perhaps the best ever" textbook in economic principles, it's no wonder Mankiw's prize project has quickly become one of the most successful books ever to be published in the

David R. Hakes (University of Northern Iowa) has prepared a study guide that will enhance your success. Each chapter of the study guide includes learning objectives, a description of the chapter's context and purpose, a chapter review, key terms and definitions, advanced critical-thinking questions, and helpful hints for understanding difficult concepts. You can develop your understanding of the material by doing the practice problems and answering the short-answer questions. Then you can assess your mastery of the key concepts with the self-test, which includes true/false and multiple-choice questions.

Now firmly established as one of the leading economics principles texts in the UK and Europe, this exciting new fourth edition of Economics by N. Gregory Mankiw (Harvard University) and Mark P. Taylor (Washington University), has been fully updated. New topics have been added in including theories on, for example, Marxist and Feminist theories on labour giving wider context to economic issues. A new chapter on Issues in Financial markets has been added covering the financial crisis and its causes and the final chapter has been updated to reflect the post-crisis world and how theories of the crisis have emerged.
