It is the first of a trilogy set in the same world; the second book is Secret of the Sixth Magic and the third Riddle of the Seven Realms.The books feature different characters, but each explores the same system of magic in successively more detail. It may be an early example of hard fantasy.

Master of the Five Magics - Wikipedia

The Master of Five Magics (1980) by Lyndon Hardy sits at that annoying place between being a good and a bad book. The book itself tells the story of Alodar, who desperate wants to be a suitor to the Queen, so that he can restore the fortunes of his once noble heritage. In doing so, he tries each magic.

Master of the Five Magics (Magics, #1) by Lyndon Hardy

Master of the Five Magics is a fantastic discussion of how magic works - as the main character progresses through the five paths of magic, the reader learns the natural laws of magic that govern spells. These laws and their application are the meat of this book; roleplayers interested in designing their own magic systems could learn a lot from it. Others interested in magic for its own sake ...

Master of the five Magics. PART ONE. The Thaumaturge. CHAPTER ONE. The Queen Besieged . ALODAR closed his mind to the pounding of the huge stones against the lower walls of the keep. He ignored the growl of his stomach and tried to concentrate on the spinning disk. Forty-one days of siege, he thought, and the last five on half rations. Half rations for himself and the other craftsmen, while ...

You books. Lyndon Hardy. Master of the five Magics

Master of the Five Magics is a speculative fiction novel, the first of three books sharing a setting but featuring different characters. It features a strongly logical, structured set of rules around how various magics operate.

Alodar was a mere journeyman thaumaturge learning the least of the five arts of magic. As such, he had no right to aspire to the hand of the fair lady, Queen Vendora, but aspire he did. Alodar's quest is not only a stirring tale of adventure, but also one of the most logical detailings of the laws of magic ever to appear in fantasy. "One of the most logical detailing of the laws of magic ever to appear in fantasy" -- Lester del Rey Out of print for over three decades, and now returning to availability. This edition includes new chapters, a glossary and an author's afterward

Alodar was a mere apprentice thaumaturge, learning the least of the five arts of magic. As such, he had no right to aspire to the hand of the fair lady, Queen Vendora, not even when he saved her during the demon-inspired seige of her frontier castle. But aspire he did. His quest forced him from one exacting brance of magic to another, with the rewards he earned always going to others. Finally, only the branch of wizardry remained--the great, almost lost art of controlling demons. It was then he learned of the ancient plot behind his rise--and faced the greatest danger any man could dare!

Alodar was a mere journeyman thaumaturge learning the least of the five arts of magic. As such he had no right to aspire to the hand of the fair lady, Queen Vendora, but aspire he did. Alodar's quest is not only a stirring tale of adventure, but also one of the most logical detailings of the laws of magic ever to appear in fantasy. This edition includes new chapters, a glossary and an author's afterward

The laws of the five magics were being set aside. If the world was to be saved it was up to Jason the scribe. But what was he to do? He had writer's block and suffered from agoraphobia. He was not a hero for the sagas.

Sylvia is a serving wench tending to the needs of a wizard who is past his prime. She gets sucked into a palace intrigue that has a much deeper threat lurking below the surface. Despite herself, Sylvia gasped. She withdrew into herself. Like almost every child, she had heard the scary stories. How the ordeal was not short. Possibly hours of increasing pain while the victim roasted. How a scorched and swollen tongue would allow only strange, muffled pleas for mercy. "Ah, your reaction is precious," Wetron said. "I knew I had to witness it." Almost as if she were a titanic djinn, Sylvia pulled herself back together with a heave of mental effort. This swine would not get any of the satisfaction he craved. She spat in his face. A blend of both rigorous fantasy with the latest happenings in the world of science.

"A heady mixture of Cinderella, Snow White, Sleeping Beauty and aromatherapy in this new magical adventure!" from the Science Fiction Grand Master (Publishers Weekly). An orphaned child and captive scullery maid, young Willadene possesses an uncanny ability to sense and understand the magical odors that pervade her world. It is this remarkable talent/or curse!that carries her far from the fetid kitchen into an apprenticeship with a revered herbalist and ultimately to the highest circles of the Ducal court. But there is depravity lurking within the castle's walls, inspiring brazen treacheries and usurpations!and foul abduction as unthinkable as it is unexpected. And an innocent girl finds the heightened sense that has been her fortune is now drawing her down into a maelstrom of evil.

THE ordinary fields of psychological inquiry, largely in possession of the pathologist, are fringed by a borderland of occult and dubious experiment into which pathologists may occasionally venture, but it is left for the most part to unchartered explorers. Beyond these fields and this borderland there lies the legendary wonder-world of Theurgy, so called, of Magic and Sorcery, a world of fascination or terror, as the mind which regards it is tempered, but in either case the antithesis of admitted possibility. There all paradoxes seem to obtain actually, contradictions coexist logically, the effect is greater than the cause and the shadow more than the substance. Therein the visible melts into the unseen, the invisible is manifested openly, motion from place to place is accomplished without traversing the intervening distance, matter passes through matter. There two straight lines may enclose a space; space has a fourth dimension, and untrodden fields beyond it; without metaphor and without evasion, the circle is mathematically squared. There life is prolonged, youth renewed, physical immortality secured. There earth becomes gold, and gold earth. There words and wishes possess creative power, thoughts are things, desire realises its object. There, also, the dead live and the hierarchies of extra-mundane intelligence are within easy communication, and become ministers orÉtormentors, guides or destroyers, of man. There the Law of Continuity is suspended by the interference of the higher Law of Fantasia. But, unhappily, this domain of enchantment is in all respects comparable to the gold of Faerie, which is presumably its medium of exchange. It cannot withstand daylight, the test of the human eye, or the scale of reason. When these are applied, its paradox becomes an anticlimax, its antithesis ludicrous; its contradictions are without genius; its mathematical marvels end in a verbal quibble; its elixirs fail even as purges; its transmutations do not need exposure at the assayer's hands; its marvel-working words prove barbarous mutilations of dead languages, and are impotent from the moment that they are understood; departed friends, and even planetary intelligences, must not be seized by the skirts, for they are apt to desert their draperies, and these are not like the mantle of Elijah.

Here in his first non-Shannara novel, Terry Brooks has written a gripping story of mystery, magic, and adventure!sure to delight fantasy readers everywhere. Landover was a genuine magic kingdom, with fairy folk and wizardry, just as the advertisement has promised. But after he purchased it, Ben Holiday learned that there were a few details the ad had failed to mention. The kingdom was in ruin. The Barons refused to recognize a king, and the peasants were without hope. A dragon was laying waste the countryside, while an evil witch plotted to destroy everything. Ben's only followers were the incompetent Court Magician; Abernathy, the talking dog who served as Court Scribe; and the lovely Willow!but she had a habit of putting down roots in the moonlight and turning into a tree. The Paladin, legendary champion of the Kings of Landover, seemed to be only a myth and an empty suit of armor. To put the final touch on the whole affair, Ben soon learned that the Iron Mark, terrible lord of the demons, had challenged all prospective Kings of Landover to duel to the death!a duel which no human could hope to win. The task of proving his right to be King seemed hopeless. But Ben Holiday was stubborn. . . .
