As an asset class, commodities are now as important as stocks and bonds – and with rapid growth in demand, profit opportunities in commodities are larger than ever. But today’s computer-driven markets are volatile and chaotic. Fortunately, you can profit consistently – and this tutorial will show you how. Building on more than 30 years of market success, George Kleinman introduces powerful trend-based techniques for consistently trading in your “sweet spot” for profits. Kleinman reveals exactly how the commodities

markets have changed – and how you can use consistent discipline to avoid “shark-infested waters” and manage the market’s most dangerous risks. Ideal for every beginning-to-intermediate level trader, speculator, and investor, this guide begins with the absolute basics, and takes you all the way to highly-sophisticated strategies. You’ll discover how futures and options trading work today, how trading psychology impacts commodity markets even in an age of high-frequency computer trading, and how to avoid the latest pitfalls.

Kleinman offers extensively updated coverage of electronic trading, today’s contracts, and advanced trading techniques – including his exclusive, powerful Pivot Indicator approach. Three previous editions of this tutorial have become international best-sellers. But the game has changed. Win it
