Masters of Death is Richard Rhodes's chronological account of the Third Reich's Einsatzgruppen (a hand-picked task force) and its death work--the executions of 1.5 million people, Jews and non-Jews--in Russia and Eastern Europe from 1941 through 1943. Rhodes sees these operations (the victims were, almost exclusively, shot) as a ghastly prelude to the subsequent (and much more written-about) horrors of the death camps.

In Masters of Death, Pulitzer Prize-winning author Rhodes gives full weight, for the first time, to the Einsatzgruppen's role in the Holocaust. These "special task forces," organized by Heinrich Himmler to follow the German army as it advanced into eastern Poland and Russia, were the agents of the first phase of the Final Solution. They murdered more than 1.5 million men, women, and children between 1941 and 1943, often by shooting them into killing pits, as at Babi Yar. These massive crimes have been generally overlooked or underestimated by Holocaust historians, who have focused on the gas chambers. In this painstaking account, Pulitzer Prize-winning author Richard Rhodes profiles the eastern campaign's architects as well as its "ordinary" soldiers and policemen, and helps us understand how such men were conditioned to carry out mass murder. Marshaling a vast array of documents and the testimony of perpetrators and survivors, this book is an essential contribution to our understanding of the Holocaust and World War II.

Why do some men, women and even children assault, batter, rape, mutilate and murder? In his stunning new book, the Pulitzer Prize-winner Richard Rhodes provides a startling and persuasive answer. Why They Killexplores the discoveries of a maverick American criminologist, Dr. Lonnie Athens -- himself the child of a violent family -- which challenge conventional theories about violent behavior. By interviewing violent criminals in prison, Dr. Athens has identified a pattern of social development common to all seriously violent people -- a four-stage process he calls "violentization": -- First, brutalization: A young person is forced by violence or the threat of violence to submit to an aggressive authority figure; he witnesses the violent subjugation of intimates, and the authority figure coaches him to use violence to settle disputes. -- Second, belligerency: The dispirited subject, determined to prevent his further violent subjugation, heeds his coach and resolves to resort to violence. -- Third, violent performances: His violent response to provocation succeeds, and he reads respect and fear in the eyes of others. -- Fourth, virulence: Exultant, he determines from now on to utilize serious violence as a means of dealing with people -- and he bonds with others who believe as he does. Since all four stages must be fully experienced in sequence and completed to produce a violent individual, we see how intervening to interrupt the process can prevent a tragic outcome. Rhodes supports Athens's theory with historical evidence and shows how it explains such violent careers as those of Perry Smith (the killer central to Truman Capote's narrative In Cold Blood), Mike Tyson, "preppy rapist" Alex Kelly, and Lee Harvey Oswald. Why They Kill challenges with devastating evidence the theory that violent behavior is impulsive, unconsciously motivated and predetermined. It offers compelling insights into the terrible, ongoing dilemma of criminal violence that plagues families, neighborhoods, cities and schools.

In June 1941, Adolf Hitler, whose loathing of Slavs and Jewish Bolsheviks knew no bounds, launched Operation Barbarossa, throwing 4 million troops, supported by tanks, artillery and aircraft into the Soviet Union. Operational groups of the German Security Service, SD, followed into the Baltic and the Black Sea areas. Their orders: neutralize elements hostile to Nazi domination. Combined SS and SD headquarters were set up in Riga (northern), Mogilev (middle) and Kiev (southern), each with subordinate units of the SD, the Einsatzgruppen, and lower echelons of Einsatzkommandos.Communist and Soviet NKVD (Peoples Commissariat for Internal Affairs) agents were targeted, and from August 1941 to March 1943, 4,000 Soviet and communist agents were arrested and executed. In addition, far greater numbers of partisans and communists were shot to ensure political and ethnic purity in the occupied territories. Einsatzgruppe A, under Adolf Eichmann, executed 29,000 people listed as Jews or mostly Jews in Latvia and Lithuania in the early stages of the operation. In the Einsatzgruppe C report for September 1941, there is a comment, 50,000 executions foreseen in Kiev. In five months in 1941, Einsatzkommando III commander, Karl Jger, reported killing 138,272 (48,252 men, 55,556 women and 34,464 children).The Einsatzgruppen were death squads their tools the rifle, the pistol and the machine gun. It is estimated that the Einsatzgruppen executed more than 2 million people between 1941 and 1945, including 1.3 million Jews.

'The best political weapon is the weapon of terror. Cruelty commands respect. Men may hate us. But, we don't ask for their love - only for their fear.' -HEINRICH HIMMLER The Schutzstaffel, or SS - the brutal elite of the Nazi Party - was founded by Hitler in 1925 to be his personal bodyguard. From 1929 it was headed by Heinrich Himmler, who built its numbers up from under 300 to well over a million by 1945. The SS became the very backbone of Nazi Germany, taking over almost every function of the state. SS members were chosen not only to be the living embodiment of Hitler's notion of 'Aryan supremacy', but also to cement undying loyalty to the Fu ?hrer at every level of German society. Merciless fanatics in jackboots, the SS systematically slaughtered, tortured, and enslaved millions. This is the story of the rise and fall of one of the most evil organizations the world has ever seen.

Pulitzer Prize winning author, Richard Rhodes's year-long journey into the heart of American agriculture reveals a life trapped between two eras: the modern and the traditional, the future and the past. Richly textured and deeply moving, *Farm* chronicles a year in the life of Tom and Sally Bauer of Crevecoeur County, Missouri, who cultivate nearly two square miles of the surface of the earth. They struggle to build up their farm, harvesting corn, birthing calves, planting wheat, coping with the vagaries of nature and government regulations. Required of them are ancient skills (an attunement to the weather, animals, crops, and land) as well as a mastery of modern technology, from high-tech machinery to genetics and sophisticated chemicals. Written with honesty and insight, *Farm* is a revelatory exploration of farm life in the 20th century and the joys and challenges of the modern rural landscape.

The award-winning author of *Hitler's Prisons* presents an unprecedented, integrated account of the Nazi concentration camps from their inception in 1933 through their demise in the spring of 1945.

By his own admission, SS Kommandant Rudolf Höss was history's greatest mass murderer, having personally supervised the extermination of approximately two million people, mostly Jews, at the death camp in Auschwitz, Poland. *Death Dealer* is the first complete translation of Höss's memoirs into English. These bone-chilling memoirs were written between October 1946 and April 1947. At the suggestion of Professor Sanislaw Batawia, a psychologist, and Professor Jan Shen, the prosecuting attorney for the Polish War Crimes Commission in Warsaw, Höss wrote a lengthy and detailed description of how the camp developed, his impressions of the various personalities with whom he dealt, and even the extermination of millions in the gas chambers. This written testimony is perhaps the most important document attesting to the Holocaust, because it is the only candid, detailed, and (for the most part) honest description of the Final Solution from a high-ranking SS officer intimately involved in carrying out the plans of Hitler and Himmler. With the cold objectivity of a common hit-man, Höss chronicles the discovery of the most effective poison gas, and the technical obstacles that often thwarted his aim to kill as efficiently as possible. Staring at the horror without reacting, Höss allowed conditions at Auschwitz to reduce human beings to walking skeletons - then he labelled them as subhumans fit only to die. Readers will witness Höss's shallow rationalizations as he tries to balance his deeds with his increasingly disturbed, yet always ineffectual, conscience.

Authors Roger Manvell and Heinrich Fraenkel, notable biographers of the World War II German leaders Joseph Goebbels and Herman Goring, delve into the life of one of the most sinister, clever, and successful of all the Nazi leaders: Heinrich Himmler. As the head of the feared SS, Himmler supervised the extermination of millions. Here is the story of how a seemingly ordinary boy grew into an obsessive and superstitious man who ventured into herbalism, astrology, and homeopathic medicine before finally turning to the "science" of racial purity and the belief in the superiority of the Aryan people.

A tale of Nazi lives, mass murder, love, Cold War espionage, a mysterious death in the Vatican, and the Nazi escape route to Perón's Argentina,"the Ratline"--from the author of the internationally acclaimed, award-winning *East West Street*. "Hypnotic, shocking, and unputdownable." --John le Carré, internationally renowned bestselling author Baron Otto von Wächter, Austrian lawyer, husband, father, high Nazi official, senior SS officer, former governor of Galicia during the war, creator and overseer of the Krakow ghetto, indicted after as a war criminal for the mass murder of more than 100,000 Poles, hunted by the Soviets, the Americans, the British, by Simon Wiesenthal, on the run for three years, from 1945 to 1948 . . . Philippe Sands pieces together, in riveting detail, Wächter's extraordinary, shocking story. Given full access to the Wächter family archives--journals, diaries, tapes, and more--and with the assistance of the Wächters' son Horst, who believes his father to have been a "good man," Sands writes of Wächter's rise through the Nazi high command, his "blissful" marriage and family life as their world was brought to ruin, and his four-year flight to escape justice--to the Tirol, to Rome, and the Vatican; given a new identity, on his way to a new life via "the Ratline" to Perón's Argentina, the escape route taken by Eichmann, Mengele, and thousands of other Nazis. Wächter's escape was cut short by his mysterious, shocking death in Rome, in the midst of the burgeoning Cold War (was he being recruited in postwar Italy by the Americans and the U.S. Army Counter Intelligence Corps or by the Soviet NKVD or by both; or was he poisoned by one side or the other, as his son believes--or by both?) . . . An extraordinary discovery, told up-close through access to a trove of family correspondence between Wächter and his wife--part historical detective story, part love story, part family memoir, part Cold War espionage thriller. "Breathtaking, gripping, shattering." --Elif Shafak
