To ace a job interview, you need to give the right answers—and ask the right questions. 101 Smart Questions to Ask on Your Interview is for every job candidate who thinks “Do you have any questions for me?” marks the end of an interview. In Ron Fry’s view, it marks the beginning of the last, and perhaps most important, interview phase, one that’s so important that failing to properly prepare for it can undo all your hard work, including providing great answers to tough questions. It’s your moment to shine—to show off the depth and breadth of your research, to remind the interviewer of how perfectly your credentials fit the job description, and to actually ask for the job! Fry shows you how to take charge of the interview process, presenting yourself as the self-managing, versatile, and confident candidate most employers are seeking. He demonstrates how to use the interview process to sell the company on you while obtaining the information necessary to make sure you are sold on them. From what to ask, when to ask it, and the kinds of answers to expect, 101 Smart Questions to Ask on Your Interview gives all candidates, from first-timers to seasoned pros, the practical information and advice they need to ace entire interviews . . . and get their dream jobs.
