"Max Huber (1919-92) is one of the most significant graphic designers of the twentieth century. In this comprehensive monograph, the first to be published on this major figure, the authors trace and illustrate Huber's entire career, from his early years in Switzerland to his more mature work in Italy." "Huber's style assimilated the teachings of the early modern masters, such as Max Bill and Laszlo Moholy-Nagy, combining their principles with the enormous variety of cultural influences present in vibrantpost-war Milan. This fully illustrated survey of his work demonstrates that Huber was among the first to apply the aesthetics of the avant garde to a corporate and commercial environment, creating formal solutions that he would go on to use throughout his life. Among the 450 illustrations in this book (the majority of which were never published before) are examples of his celebrated posters for the Monza races, his jazz record covers and book series for major Italian publishers, which remain appreciated today as superb examples of their genres." "Some of Huber's most enduring achievements were on a completely different scale and remain in the collective memory of generations and on the streets of Italy: his logo design for the department store La Rinascente and the supermarket chain Esselunga, were so influential as to change the public's perception of these two popular stores and, moreover, the visual landscape of Milan itself." "The three expert authors of this book (Stanislaus von Moos, Mara Campana and Giampiero Bosoni) were privileged to have the full support of Huber's widow, Aoi Kona, who granted them unrestricted access to the renowned archive of Huber's work that is now housed in the m.a.x.Museo, in Chiasso, Switzerland. This wide-ranging and exhaustively researched book demonstrates the importance of this fascinating and influential figure in the history of modern graphic design."--BOOK JACKET.

"The first reference monograph on the artist, this catalogue follows the first institutional exhibitions of Roccasalva held at the MAGASIN in Grenoble and at the Kölnischer Kunstverein in Cologne. For over ten years, Pietro Roccasalva has been developing a body of work that is difficult to define but can be considered one of the most wilful contributions to contemporary art. It centers around painting, which has flowered in a manner that is sometimes akin to the old masters and can be seen to spur his engagement with other forms, such as drawing, sculpture, installation, performance, film, and photography. These different outputs are connected by narratives from his conceptual universe. Roccasalva interweaves personal experiences with references to art history, literature, and music as well as to cinema in such a way that it is not uncommon for the works to shift between various levels of reality and fiction. At the same time, they are linked systematically, with each work making reference to its immediate predecessor. In a sense, the artist's oeuvre functions like an enormous house of mirrors -- a labyrinth that seems, more than occasionally, to be furnished with concave or convex mirrors"--Publisher's website.
