Although manufactured for only one year, 1974, the Ducati 750 Super Sport was immediately touted as a future classic. It was a pioneer motorcycle - expensive and rare, and produced by Ducati's race department to celebrate victory in the 1972 Imola 200 Formula 750 race. Owing to its uniqueness and rarity, the 750 SS has become extremely expensive and desirable, fetching prices beyond the most expensive contemporary Ducati; for Ducatisti, it is the Holy Grail.

Simon and Louise Read are both doctors. Escaping the NHS in a Mini for a sabbatical in Italy they learned Italian from scratch at the Universita per Stranieri in Perugia. They spent weekends and holidays hunting out the best language schools in Italy - to find that the quality of the brochure and Internet site bore no relation to the quality of the school. In all they drove 18,000 miles and had the best year of their lives. And here is the result - a comprehensive guide to all aspects of learning Italian in Italy. This impartial guide is packed with practical information on planning and organizing your own trip. It contains detailed information on budgeting, enrolling and the practicalities of life in Italy.

Questo libro giallo nasce da un messaggino inviato nella notte a un amico con richiesta d'aiuto: un cadavere \u00e8 stato trovato in casa legato a una sedia. L'amico accorre ma serve la Polizia. E nell'intreccio della vicenda si muovono Poliziotti, Investigatori privati, balordi individui, pistole nascoste, gioielli rubati e trafficanti stranieri... In un miscuglio che va seguito con attenzione per non perdere il filo che porter\u00e0 alla soluzione.

A dystopian comedy with a difference. *e*Makes the Hunger Games look like Hungry Hippos. Makes 50 Shades of Grey look like Polyanna.*e; The Bloomfield Review says, "e;Like an obnoxious spy-comedy seen through the eyes of a filthy drunk ... The language can be absurdly, almost heroically obscene.*e; The TBR Pile says, *e;Bonkers. Weird. Surreal. Satirical. Politically incorrect. Clever. Absurd. Witty. Disgusting.*e; It's debauched, depraved, delirious, delightful. Winner of the 2015 Lord of the Book Covers award.Joe Chambers is a CIA operative working in Dublin. Assigned to an agency-fronted publishing house, his problems include, but are not limited to, errant MI6 agents, insane profit-making schemes, a Francoist dwarf, and a tapeworm named Steve. He is an utterly reprehensible character, fond of submerging his head in a sink-full of whiskey and fantasising about brutally murdering irritating teenagers. He is, in other words, the perfect guide to this bizarre and repulsive journey into Dublin's gutters.Jay Spencer Green presents a twisted and exaggerated, but wholly recognisable vision of Dublin. A place of suicide bombings, mass canine culling in the Phoenix Park, "e;cheap Moore Street socks (35 euros for 6 pairs)"e;, online divorce, and enough red tape and bureaucracy to drive a man to murder. A place where "e;cat's cheese salad"e; and a dubious pork/human hybrid meat share the menu. It is a Dublin of no redemption. The whole book is a dig at a country that lost the run of itself in the good times, and just lost itself in the bad.A raucous mix of double crosses, brothsels, triple crosses, and cocktail recipes, Breakfast at Cannibal Joe's is a dark, twisted, and picaresque tale that fans of Kurt Vonnegut, Hunter S. Thompson, and Joseph Heller will love.

THE CAR - Bentley serial number SM 3912 was a Phillips bodied two-seat DHC on a supercharged 4.5 litre chassis. The facts are clear. It was bought new by Lord Brougham & Vaux. And it was last heard of in 1939. THE DISAPPEARANCE -Stephan Sidlow, senior member of the Air Raid Prevention Corps, sworn to protect England, acquires Blower SM 3912 just as Britain comes under attack from Germany. He undoubtedly uses the Blower for good to cross the island nation at break neck speed and shore up her defenses. But as the war progresses, Stephan and the Blower might actually be some of England's most dangerous adversaries. THE HUNT - When new information regarding SM 3912 comes to light, automotive archaeologist Faston Hanks is cajoled off vacation and onto the case of finding the missing Blower Bentley. The Blower proves elusive and the hunt goes on for years. Until millions of dollars are on the line and Faston needs to find SM 3912 to foil one of the boldest crimes ever attempted in the varified world of high-end car collectors. Bringing to life the final moments of the Blower in 1944 and the present day attempt to find it, Hunt for the Blower Bentley richly imagines the fate of the only one of the fifty Blower Bentleys built that is unaccounted for. There is no other character in fiction like Faston Hanks. If you love cars and history, you'll find Faston an engaging person to spend time with. And you will definitely find yourself wishing to be at his side as he tracks down the world's most desirable cars.
