Trace (What's New in 2022) Trace

Read Online Multiline User Guide

provides a safe space to collaborate on drawing changes in the AutoCAD web and mobile apps without fear of altering the existing drawing. The analogy of trace is a virtual, collaborative tracing paper that's laid over the drawing, allowing collaborators to add feedback right in the drawing. Create traces in the web and mobile apps, then send or share the drawing to collaborators so they can view the trace and its contents.
