In this gripping memoir, the sole survivor of the disastrous 2013 fire in Yarnell, Arizona recalls the natural disaster that took the lives of 19 "hotshots--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming an inveterate heroin addict when he decided to enlist in Granite Mountain, an elite hotshot crew of wildland firefighters based in Arizona. Thanks to his crew's firm but loving encouragement, McDonough made the cut and battled many extreme blazes alongside his newfound "brothers," receiving a life with purpose as part of a team. Then, on June 30, 2013, during a fire at which McDonough was serving as

lookout, a freak inferno trapped and killed all 19 members of his crew. MY LOST BROTHERS traces McDonough's minute-by-minute account of witnessing his fellow hotshots' brave, selfless battle-as well as its aftermath.

The true story behind the events that inspired the major motion picture Only the Brave. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--"Donut" as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. Granite Mountain is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the

On July 18, 1969, a car driven by Senator Edward M. Kennedy plunged off a bridge on Chappaquiddick Island, off the coast of Cape Cod. Mary Jo Kopechne, a twenty-eight-year-old former staffer for Kennedy's brother Robert, died in the crash. The scandal that followed demeaned Kopechne's reputation and scapegoated her for Ted Kennedy's inability to run for the presidency instead of acknowledging her as an innocent victim in a tragedy that took her life. William C. Kashatus's biography of Mary Jo Kopechne illuminates the life of a politically committed young woman who embodied the best ideals of the sixties. Arriving in Washington in 1963, Kopechne soon joined the staff of Robert F. Kennedy and committed herself to his vision of compassion for the underprivileged, social idealism tempered by political realism, and a more humane nation. Kashatus details her work as an energetic and trusted staffer who became one of the famed Boiler Room Girls at the heart of RFK's presidential campaign. Shattered by his assassination, Kopechne took a break from politics before returning as a consultant. It was at a reunion of the Boiler Room Girls that she accepted a ride from Edward Kennedy--a decision she would pay for with her life. The untold--and long overdue--story of a promising life cut short, *Before Chappaquiddick* tells the human side of one of the most memorable scandals of the 1960s. Purchase the audio edition.

lied about their age, forged a parent's signature and left to fight on the other side of the world. Though some were as young as thirteen, they soon found they could die as well as any man. Like Peter Pan's lost boys, they have remained forever young. These are their stories. This extraordinary book captures the incredible and previously untold stories of forty Anzac boys who fought in the First World War, from Gallipoli to the Armistice. Featuring haunting images of the boys taken at training camps and behind the lines, these tales are both heartbreaking and rousing, full of daring, ingenuity, recklessness, random horror and capricious luck. A unique perspective on the First World War, *The Lost Boys* is military history made deeply personal, a powerful homage to youthful bravery and a poignant reminder of the sacrifice of war.

"A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark."--*The Economist* The captivating story of the family behind the Cartier empire and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon--as told by a great-granddaughter with exclusive access to long-lost family archives "Ms. Cartier Brickell has done her grandfather proud."--*The Wall Street Journal* *The Cartiers* is the revealing tale of a jewelry dynasty--four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-

stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry--the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces--and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

In 1946, twenty-six-year-old Bridget Dolan walked up the path to the front door of the Tuam Mother and Baby Home. Alone and pregnant, she was following in the footsteps of more than a century's worth of lost souls. Shunned by society for her sins and offered no comfort for her pain, Bridget gave birth to a boy, John, who died at the home in a horrendous state of neglect less than two years later. Her second child was once again delivered into the care of the nuns and was taken from her, never to be seen or heard from again. She would go on to marry a wonderful man and have a daughter, Anna Corrigan, but it was only after Bridget's death that Anna discovered she had two brothers her mother had never spoken about. In the aftermath of

the explosive revelations that the remains of 796 babies had been found in a septic tank on the site of the Tuam Mother and Baby Home, she became compelled to try and find out if her baby brothers' remains were among them. Here, Anna and Alison O'Reilly piece together the erased chapter of the life of Bridget Dolan and her forgotten sons, reminding us that we must never forget what was done to the women and children of the Tuam Mother and Baby Home.

"They are three brothers, all navy men, who end up coincidentally and extraordinarily at the epicenter of three of World War II's most crucial moments. Bill is tapped by Franklin D. Roosevelt to run the first Map Room in Washington. Benny is the gunnery and antiaircraft officer on the USS Enterprise, one of the only ships to escape Pearl Harbor and, by the end of 1942, the last aircraft carrier left in the Pacific to defend against the Japanese. Barton, the youngest, gets a plum commission in the Navy Supply Corps because his mother wants him out of harm's way. But this protection plan backfires when Barton is sent to the Philippines and listed as missing-in-action after a Japanese attack. Now it is up to Bill and Benny to rescue him. Based on ten years of research drawn from archives around the world, interviews with fellow shipmates and POWs, and letters half-forgotten in basements, *The Jersey Brothers* whisks readers from America's front porches to Roosevelt's White House, from Pearl Harbor to Midway and Bataan, and from the Pacific battlefronts to the stately home of a fierce New Jersey mother. At its heart *The Jersey Brothers* is a family story, written by one of its own in intimate, novelistic detail. It is a remarkable tale of agony and triumph; of an ordinary young man who shows extraordinary courage as the enemy does everything short of killing him; and of brotherly love tested under the tortures of war."--Jacket.

The “gripping and dramatic” inside story of the epic search and recovery operation after the Columbia shuttle disaster that united thousands of Americans (Booklist). Voted the Best Space Book of the Year by the Space Hipsters On February 1, 2003, Columbia disintegrated on reentry before the nation’s eyes, and all seven astronauts aboard were lost. Mike Leinbach, Launch Director of the space shuttle program at NASA’s John F. Kennedy Space Center, was a key leader in the search and recovery effort as NASA, FEMA, the FBI, the US Forest Service, and dozens more federal, state, and local agencies combed an area of rural east Texas the size of Rhode Island for every piece of the shuttle and her crew they could find. Assisted by hundreds of volunteers, it would become the largest ground search operation in US history—an effort that was instrumental in piecing together what happened so the shuttle program could return to flight and complete the International Space Station. Written by Leinbach, this is the definitive inside story of the disaster, the recovery, and the inspiring response, sharing the deeply personal stories that emerged as NASA employees looked for lost colleagues and searchers overcame immense physical, logistical, and emotional challenges and worked together to accomplish the impossible. Featuring a foreword and epilogue by astronauts Robert Crippen and Eileen Collins, and dedicated to the astronauts and recovery search persons who lost their lives, this is “a gripping account of a fatal tragedy and the impressive and deeply emotional human response that ensued” (Kirkus Reviews, starred review). “Despite the dramatic tragedy at the beginning of the book, it’s the quiet stories of perseverance and camaraderie that will linger longest.” —Christian Science Monitor “Vividly capture[s] the intensity of those very difficult days...The book also reminded me of the spirit of
