Never mind is most often spelled as two words—unless it is used as a noun. The closed (or hyphenated) noun form, nevermind, is dialectal and has the meaning of "interest," "concern," or "attention." It, like its conjunction cousin, is used in contexts implying indifference, disregard, or dismissal. That's no nevermind of yours.

- Publishing on the 30th Anniversary of the release of Nevermind by Nirvana, 24 September 2021 - 150 color and black & white photos throughout. Many unseen - Commentary, quotes and text throughout, including Kirk Weddle (photographer), Steven Walker (owner, Modern Rocks Gallery USA), Steve Fairclough (journalist and writer of 'The all-time greatest album covers'), and Kurt St. Thomas (radio DJ who first played the band) and more When lists are made and articles are written about rock and roll's greatest album covers - there's a consistent name at the top: Nevermind by Nirvana; Nirvana's breakthrough 1991 record that cemented the band's legacy into legend. The image of the baby floating towards a dollar bill on a fish-hook is instantly recognizable as iconic. Now - for the first time in book form - the photographer behind the lens shares his memories from that day along with his nearly 140 outtakes, includes promo shots of the band. Kirk Weddle, an up-and-coming photographer specializing in "submerged humans," was called by the

album's art director Robert Fisher with the brief. Weddle went to work and over the course of a few days produced not only the album's iconic cover, but also a series of images of the band that were not used at the time. They are all reproduced in the book. The stories from Weddle of the days shooting - first a series of babies, then a series of the band - paint a picture of a band at the brink of superstardom. Tired from touring, they arrived 'surprised' to discover that they, too, would have to dive into the pool. "It was a cold, overcast day in Los Angeles. It wasn't the ideal swimming situation" remembers Weddle. Nirvana: Never Mind the Photos will be the first time the photographs will be published as a whole. The book showcases these extraordinary shots, examining just how difficult photographing an underwater baby turned out to be, nevertheless photographing an underwater band. These images of Kurt Cobain, Dave Grohl and Krist Novoselic capture the band as they dive in and submerge themselves into the rock icon stratosphere. With contributions, essays and quotes throughout, including Steven Walker, owner of Modern Rocks Gallery (USA), journalist Steve Fairclough, album art director Robert Fisher, coupled with Weddle's own commentary, makes this one-of-a-kind book an insightful celebration of one of the world's most iconic images.

Nevermind was the album that took Nirvana out of Seattle's alternative rock scene and turned them into a worldwide mainstream sensation. This book documents the album by featuring interviews with the band members and producers and reconstructs how the album was made.

A miraculous machine . . . and a nightmare! Innova, a young gnomish recluse finds himself in a terrible situation. Tried in a gnomish court for an unfortunate accident and sentenced to spend months at the bottom of Mt. Nevermind tuning gnomeflingers, young Innova makes an incredible discovery. The whole gnomish society is changed by one machine that, unlike any other gnomish invention, makes the entire mountain run like clockwork. In the face of this, Commander Halion Khargos of the Knights of Tahkisis must fulfill his Vision, sent to him by the Dark Queen Tahkisis. He must take Mt. Nevermind. Fergus Ryan tells the amazing story of the gnomes of Mt. Nevermind during the upheaval of the Chaos War. And because they're gnomes, their adventures are punctuated with two or three explosions.

Taking Punk to the Masses: From Nowhere to Nevermind visually documents the explosion of Grunge, the Seattle Sound, within the context of the underground punk subculture that was developing throughout the u.S. in the late 1970s and 1980s. The book serves as a companion and contextual backdrop to the Nirvana: Taking Punk to the Masses exhibition, which opens at Seattle's Experience Music Project in 2011. This decade-and-a-half musical journey will be represented entirely through the lens of EMP's oral history and permanent object collection, an invaluable and rich cultural archive of over 800 interviews and 140,000 objects — instruments, costumes, posters, records and other ephemera dedicated to the pursuit of rock 'n' roll. Taking Punk to the Masses focuses on 100 key objects from EMP's permanent collection that illustrate the evolution of punk rock from underground subculture to the mainstream embrace (and subsequent underground rejection) of Grunge. These objects are put into context by the stories of those who

lived it, culling from EMP's vast archive of oral histories with such Northwest icons as Mudhoney's Mark Arm, cartoonist Peter Bagge, design legend Art Chantry, Beat Happening's Calvin Johnson, Sub Pop founders Bruce Pavitt and Jonathan Poneman, the Screaming Trees' Mark Lanegan, Nirvana's Krist Novoselic, photographer Charles Petersen, Soundgarden's Kim Thayil, and dozens of others. From the Northwest's earliest punk bands like The Wipers, to proto-grunge bands of the 1980s like Green River, Melvins and Malfunkshun, through the heady 1990s when bands such as Nirvana, Soundgarden, Pearl Jam, Alice in Chains and Mudhoney rose to the national stage and popularized alternative music, *Taking Punk to the Masses* is the first definitive history of one of America's most vibrant music scenes, as told by the participants who helped make it so, and through the artifacts that survive.

Frank Teeman is leading a happy anonymous life in Manhattan painting the unusual images that get stuck in his mind. One day a wealthy doyenne spots a painting that hangs in the grocery store where he works and Frank's career takes off and his life is never the same. "Security is mostly superstition. It does not exist in nature, nor do the children of men as a whole experience it. Avoiding danger is no safer in the long run than outright exposure. Life is either a daring adventure, or nothing. To keep our faces toward change and behave like free spirits in the presence of fate is strength undefeatable." Helen Keller-Let Us Have Faith
