The Official Dictionary of Unofficial English: A Crunk ...

So in June 2004 I turned my blog into a dictionary-oriented web site, which I named Double-Tongued Word Wrestler (double-tongued.org). It is what I call "a growing dictionary of old and new words from the fringes of English." With the goal of reaching into those uncharted waters and hooking the so-far uncaptured words,

unobserved, unobstructed, unobtainable, unobtrusive, unoccupied, unofficial, unopened, unopposed, unorganized, unoriginal, unorthodox. Collins English Dictionary - Complete & Unabridged 2012 Digital Edition © William Collins Sons & Co. Ltd. 1979, 1986 © HarperCollins Publishers 1998, 2000, 2003, 2005, 2006, 2007, 2009, 2012.

Unofficial | Definition of Unofficial at Dictionary.com

It also changed the way we keep track of that evolution. A new book by Grant Barret entitled, "The Official Dictionary of Unofficial English" is a great example of that. By using the technologies available on the Internet, he devised a way to record new words and word usages. It is a printed version of his site doubletongued.org.

ldquo;The Official Dictionary of Unofficial English”

English does not have an official dictionary. However, I think the three most respected ones in the United States are Merriam-Webster, Oxford's, and Collins. You have to buy an Oxford dictionary, so that's not going to work very well for you.

Is there a kind of "official" dictionary for the English ...

It's a must-have for all Fortnite fans of any age.

Remade in France: Anglicisms in the Lexicon and Morphology of French chronicles the current status of French Anglicisms, a popular topic in the history of the French language and a compelling example of the influence of global English. The abundant data come from primary sources—a large online newspaper corpus (for unofficial Anglicisms) and the dictionary (for official Anglicisms)—and secondary sources. This book examines the appearance and behavior of English items in the lexicon and morphology of French, and explains them in the context of French neology and lexical activity. The first phase of the latest contact period (1990-2015) has its own complex linguistic characterization, including a significant influx of nonce borrowings and very low frequency Anglicisms, heterogeneous and creative borrowing outcomes, and direct phraseological borrowing. This book is a counterargument to the well-known criticism that Anglicisms are lexical polluters. On the contrary, the use of Anglicisms requires the inventive application of complex linguistic rules, and the borrowing of Anglicisms into the French lexicon is convincing proof that language change is systematic. The findings bring novel interdisciplinary insights to the domains of borrowing in a non-bilingual contact setting; global English as a source of lexical creativity in the French lexicon; the phases, patterns and processes of integration of English loanwords; the morphology of borrowing; and computational corpus linguistics. The appended database is a snapshot of a synchronic period of linguistic contact and a useful lexicographic resource.

“Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded”—The New York Times Book Review **WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD** • “A marvelous fiction about the power of language to elevate or repress.”—Geraldine Brooks, New York Times bestselling author of People of the Book Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, a garden shed in Oxford where her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme’s place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word bondmaid flutters beneath the table. She rescues the slip, and when she learns that the word means “slave girl,” she begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women’s and common folks’ experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the Dictionary of Lost Words. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women’s suffrage movement and with the Great War looming, The Dictionary of Lost Words reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. The Dictionary of Lost Words is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world.

The History of the English Language has been a standard university course offering for over 150 years. Yet relatively little has been written about teaching a course whose very title suggests its prodigious chronological, geographic, and disciplinary scope. In the nineteenth century, History of the English Language courses focused on canonical British literary works. Since these early curricula were formed, the English language has changed, and so have the courses. In the twenty-first century, instructors account for the growing prominence of World Englishes as well as the English language's transformative relationship with the internet and social media. Approaches to Teaching the History of the English Language addresses the challenges and circumstances that the course's instructors and students commonly face. The volume reads as a series of "master classes" taught by experienced instructors who explain the pedagogical problems that inspired resourceful teaching practices. Although its chapters are authored by seasoned teachers, many of whom are preminent scholars in their individual fields, the book is designed for instructors at any career stage—beginners and veterans alike. The topics addressed in Approaches to Teaching the History of the English Language include: the unique pedagogical dynamic that transpires in language study; the course's origins and relevance to current university curricula; scholarly approaches that can offer an abiding focus in a semester-long course; advice about navigating the course's formidable chronological ambit; ways to account for the language's many varieties; and the course's substantial and pedagogical relationship to contemporary multimedia platforms. Each chapter balances theory and practice, explaining in detail activities, assignments, or discussion questions ready for immediate use by instructors.

Slang, writes Michael Adams, is poetry on the down low, and sometimes lowdown poetry on the down low, but rarely, if ever, merely lowdown. It is the poetry of everyday speech, the people's poetry, and it deserves attention as language playing on the cusp of art. In Slang: The People's Poetry, Adams covers this perennially interesting subject in a serious but highly engaging way, illuminating the fundamental question "What is Slang" and defending slang—and all forms of nonstandard English—as integral parts of the American language. Why is an expression like "bed head" lost in a lexical limbo, found neither in slang nor standard dictionaries? Why are snow-boarding terms such as "fakie," "goofy foot," "ollie" and "nollie" not considered slang? As he addresses these and other lexical curiosities, Adams reveals that slang is used in part to define groups, distinguishing those who are "down with it" from those who are "out of it." Slang is also a rebellion against the mainstream. It often irritates those who color within the lines—indeed, slang is meant to irritate, sometimes even to shock. But slang is also inventive language, both fun to make and fun to use. Rather than complain about slang as "bad" language, Adams urges us to celebrate slang's playful resistance to the commonplace and to see it as the expression of an innate human capacity, not only for language, but for poetry.

What's the real meaning of the word Bridesmaid? How about Bachelor Party? Or Honeymoon? Or Prenuptial Agreement? Hilarious definitions of these wedding words and hundreds more in a way that Webster's never could or would.
