THE CANON OF THE OLD TESTAMENT. Hebrew Scripture, the Old Testament of our Bible, relates God's Creation of the world and his Word to Israel. God reveals his undying love for his creation mankind, in spite of man's sin and disobedience, through the promise of a Redeemer. The Old Testament is Hebrew Scripture or Tanakh, and is composed of the Law, the Torah or Pentateuch, the Prophets or Neviim, and the Writings, the Hagiographa or Kethuvim.

Today's passage shows us clearly that Jesus' Old Testament canon included only the books in our Protestant canon. He refers to "the Law of Moses and the Prophets and the Psalms" (Luke 24:44), which corresponds to the traditional Jewish canon that contains the same books as our Old Testament canon, albeit in a different order.

The larger Canon of the Old Testament passed through the Apostles' hands to the church tacitly, by way of their usage and whole attitude toward its components; an attitude which, for most of the sacred writings of the Old Testament, reveals itself in the New, and for the rest, must have exhibited itself in oral utterances, or at least in tacit approval of the special reverence of the faithful.

The Masoretic Text is the authoritative Hebrew Aramaic text of the 24 books of the Tanakh in Rabbinic Judaism. The Masoretic Text defines the Jewish canon and its precise letter-text, with its vocalization and accentuation known as the masorah. It was primarily copied, edited and distributed by a group of Jews known as the Masoretes between the 7th and 10th centuries of the Common Era. The oldest extant manuscripts date from around the 9th century. The Aleppo Codex dates from the 10th century. T

Introduction The Apostle Paul wrote, regarding the Old Testament, “Now these things happened to them as an example, and they were written for our instruction, upon whom the ends of the ages have come” (1 Cor. 10:11). The use of the Old Testament Scriptures by the church of Christ has been the subject of some debate from the early church fathers up to the present day.

Oxford University Press. DOI:10.1093/0198263910.003.0008. This is the third of five chapters on the text of the Old Testament. It aims to trace the development of a canon (or several slightly different canons) of the Old Testament, and to examine some ways in which the canonization of the Bible made a difference to the perceived meaning and significance of its component parts.

Canon of the Old Testament CANON OF THE OLD TESTAMENT. The acceptance and collection of the inspired books of the OT canon includes the history of the acceptance of the OT books, the reasons why they were accepted and collected, and the divisions of the books, and also why other books called Apoc. were not accepted into the canon.

This finely revised and nicely updated version of one of the classics in our field can truly be called a grand introduction to the history of the biblical text." Leonard Greenspoon -- Creighton University "Readers familiar with Würthwein's earlier work will discover all of the strengths of his approach to Biblical Hebrew.

Ratheiser's study provides the framework for a non-confessional, mitzvoth ethics-centered and historical-philological approach to the Jewish bible and deals with the basic steps of an alternative paradigmatic perspective on the biblical text. The author seeks to demonstrate the ineptness of confessional and ahistorical approaches to the Jewish bible. Based on his observations and his survey of the history of interpretation of the Jewish bible, Ratheiser introduces an alternative hermeneutical-exegetical approach to the Jewish bible: the paradigm of examples. His study concludes that the biblical text is a collection of writings designed and formed from a specifically ethical-ethnic outlook. In other words, he regards the Jewish bible to be written as an etiology of ancient instruction by ancient Jews to Jews and for Jews. As such, it serves as a religious-ethical identity marker that provides ancient Jews and their descendants with an etiology of Jewish life. Ratheiser regards this religious-ethical agenda to have been the driving force in the minds of the final editors/compiler of the biblical text as we have it today.

This book deals with the effect that translation of the Bible has had on the theology of developing churches over the past 200 years, and also examines cultural factors which affect translation, as well as how Bible translation itself affects a people's social and cultural development.

This book deals with the effect that translation of the Bible has had on the theology of developing churches over the past 200 years, and also examines cultural factors which affect translation, as well as how Bible translation itself affects a people's social and cultural development.

Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult, as many are left without the proper training to know how to answer these objections. In The Layman's Manual on Christian Apologetics, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. The Layman's Manual on Christian Apologetics delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.

This Introduction attempts to offer a different model for the discipline from that currently represented. It seeks to describe the form and function of the Hebrew Bible in its role as sacred scripture for Israel. It argues the case that the biblical literature has not been correctly understood or interpreted because its role as religious literature has not been correctly assessed.
