The Second Edition of Case Studies in Organizational Communication: Ethical Perspectives and Practices, by Dr. Steve May, integrates ethical theory and practice to help strengthen readers' awareness, judgment, and action in organizations by exploring ethical dilemmas in a diverse range of well-known business cases.

Hundreds of novels have been written about young men coming of age in war. And millions of young men have, in fact, come of age in combat. This is the story of one of them, as told by his daughter, based on the daily letters he wrote to his family in 1944 and 1945. After ten months of stateside training, nineteen-year-old Joe Ted (Bud) Miller shipped out from New York harbor in November 1944 and served with the 63rd Infantry in France and Germany. Although he fought with his unit at the Colmar Pocket and earned a Bronze Star for his role in pushing through the Siegfried Line, his letters focus less on the details of battle than on the many aspects of his life in the military: food, PX, movies, biographies of friends and platoon-mates, training activities, travelogues, and the behavior (good and bad) of officers. Bud ' s journalistic skills show in his letters and fill his reports with a wealth of objective detail, as well as articulate reflections on his feelings about his experiences. Katherine I. Miller, a communication scholar, brings to her father ' s letters—which form the centerpiece of the book—her scholarly training in analyzing issues such as the development of masculinity in historical context, the formation of adult identity, and the psychological effects of war. Further insights gained from additional personal and family archives, interviews with surviving family members, official paperwork, the unit history of the 63rd Infantry Division (254th Regiment), unit newspapers, pictorial histories, maps, and accounts by other unit members aided her in crafting this " interpretive biography. " The book also serves as a window onto more general questions of how individuals navigate complicated turning points thrown at them by external events and internal struggles as they move from youth to adulthood.

Organizational communication as a field of study has grown tremendously over the past thirty years. This growth is characterized by the development and application of communication perspectives to research on complex organizations in rapidly changing environments. Completely re-conceptualized, The SAGE Handbook of Organizational Communication, Third Edition, is a landmark volume that weaves together the various threads of this interdisciplinary area of scholarship. This edition captures both the changing nature of the field, with its explosion of theoretical perspectives and research agendas, and the transformations that have occurred in organizational life with the emergence of new forms of work, globalization processes, and changing organizational forms. Exploring organizations as complex and dynamic, the Handbook brings a communication lens to bear on multiple organizing processes.

Gain the knowledge and skills you need to move from interview candidate, to team member, to leader with this fully updated Fourth Edition of Business and Professional Communication by Kelly M. Quintanilla and Shawn T. Wahl. Accessible coverage of new communication technology and social media prepares you to communicate effectively in real world settings. With an emphasis on building skills for business writing and professional presentations, this text empowers you to successfully handle important work-related activities, including job interviewing, working in team, strategically utilizing visual aids, and providing feedback to supervisors. New to the Fourth Edition: A New " Introduction for Students " introduces the KEYS process to you and explains the benefits of studying business and professional communication. Updated chapter opening vignettes introduce you to each chapter with a contemporary example drawn from the real world, including a discussion about what makes the employee-rated top five companies to work for so popular, new strategies to update PR and marketing methods to help stories stand out, Oprah Winfrey ' s 2018 Golden Globe speech that reverberated throughout the #metoo movement, Simon Sinek ' s " How Great Leaders Inspire Action " TED talk, and the keys to Southwest Airlines ' success. An updated photo program shows diverse groups of people in workplace settings and provides current visual examples to accompany updated vignettes and scholarship in the chapter narrative.

Listening explores the process and role of listening in human communication as a cognitive process, as a social function, and as a critical professional competency. While introducing students the theory and research of listening scholarship, Worthington and Fitch-Hauser also help students to build practical skills and achieve the desired outcomes of effective listening.
