This is the thoroughly revised enlarged and updated edition of the popular text. The textbook retains its simplicity, lucidity and clarity of writing the hallmark features appreciated by this medical students as well as teachers. The textbook covers all the topics as per the recommendations made in the latest MCI syllabus. Besides being the must read for undergraduate medical students, the text also caters to the needs of the candidates preparing for postgraduate entrance examination. Students of dental sciences, pharmacy, nursing and other paramedical courses will find it particularly useful just like the earlier edition.

This is a first of its kind textbook in pharmacology for pharmacy students. With simple language and easy to understand contents it completely covers the pharmacology syllabus. Flow charts explain every mechanism of action. Multiple boxes and tables given throughout the book. Student friendly format for easy comprehension. Compare and contrast series in the book helps in understanding the subject better and retaining the facts longer.

This book has been designed keeping in mind the pharmacology syllabus for physiotherapy students and the knowledge of drugs necessary in their profession. The text has a simple description of drugs with boxes, tables, charts and simple line diagrams for better understanding of the subject.--Publisher.
