Destiny is it Mayberry or Middle Earth? I'm Sheriff Jack Lang. After a career as a Navy pilot, Destiny seemed like the perfect place to settle down but then I met Tempest Pomeroy, my sexy redheaded mail lady and trouble magnet. Tempe never fails to test the limits of my patience, or the law. Every time I think it's the last straw, up pops another haystack. My name is Tempest Pomeroy, and my human job is delivering the mail. I'm also a Paramortal like my family, or I'm supposed to be. If I didn't have a few little talents, I'd think I was adopted. My brother's genie bottle is missing and the sheriff suspects yours truly. I've denied my heritage for most of my life but all this chaos is a sign of my quickening Tempestaerie power. Oh, and the sheriff? He thinks he's settled in a normal small town. We'll see how that turns out. Things better settle down soon, 'cause I'm about to go Storm Crazy.

NEW YORK TIMES BESTSELLER • NOW A TNT ORIGINAL SERIES • "A first-rate tale of crime and punishment that will keep readers guessing until the final pages." Entertainment Weekly "Caleb Carr's rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us." The Detroit News When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or "alienist"—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society's belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* "[A] delicious premise . . . Its settings and characterizations are much more sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores." The Washington Post Book World "Mesmerizing." Detroit Free Press "The method of the hunt and the disparate team of hunters lift the tale beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller." The Buffalo News "Engrossing." Newsweek "Gripping, atmospheric . . . intelligent and entertaining." USA Today "A high-spirited, charged-up and unfailingly smart thriller." Los Angeles Times "Keeps readers turning pages well past their bedtime." San Francisco Chronicle
