The Pearson Science Second Edition Activity Book is a write-in resource designed to develop and consolidate students' knowledge and understanding of science by providing a variety of activities and questions to apply skills, reinforce learning outcomes and extend thinking. Updated with explicit differentiation and improved learner accessibility, it provides a wide variety of activities to reinforce, extend and enrich learning initiated through the student book.

The PEARSON science teacher companion for Year 10 makes lesson preparation and implementation easy by combining full student book pages with a wealth of teacher support to help you meet the demands of the Australian Science Curriculum.

PEARSON SCIENCE covers the three strands of Science Inquiry Skills, Science as a Human Endeavour and Science Understanding with both interactive multimedia and books to engage students and teachers.

The Pearson Science New South Wales 9 Student Book has been developed from the ground up with scientific literacy and accessibility at its core. Pearson Science New South Wales not only saves you time but is the only series that really engages your students. The engaging design, literacy focus, unambiguous features and clear, easy-to-understand language make the student book an invaluable resource for all learning types and abilities.

The Australian Curriculum focuses on learner diversity, so we've provided tailored language and vocabulary support for learners of English as an Additional Language or Dialect. The Pearson Science 8 EAL/D activity book can be used as an alternative or in conjunction with the standard activity books. EAL/D students will benefit from the definitions of key terms using text and pictorial explanations, language builders for each chapter as well as scaffolds and hints to build confidence and sense of completion of tasks.

Pearson Mathematics student book for Year 8 follows the Australian Curriculum for Mathematics. It has been strategically designed to attract maximum student engagement, develop a deep understanding of key concepts and skills, and to encourage inquiry and problem solving. This student book provides you with extensive material, with a collection of maths games, investigations, problem solving tasks, revision activities, practice questions and technology explorations. Additionally, a mini, re-usable whiteboard has been provided, in the back of Pearson Mathematics student book for Year 8, to help encourage active participation from your students. All exercises within the student books are split into the Australian Curriculum proficiency strands: fluency, understanding and reasoning. You'll also find open-ended questions that encourage creative maths thinking. Accuracy has been observed by this series, with experienced teachers carefully checking every question within Pearson Mathematics - up to five times!

Pearson Science New South Wales 8 EAL/D Activity Book is unique, as Pearson Science New South Wales the only series with an EAL/D (English as an Additional Language or Dialect) Activity Book. The extra support in the EAL/D Activity Books has been written by specialist EAL/D teachers to support learner diversity in the classroom. The EAL/D Activity Book can be used instead of, or in addition to, the standard Activity Book. The extra support includes: language builder support for each chapter, simplified questions, key terms defined using text and pictorial explanations, as well as scaffolds and hints, to build confidence and sense of completion for tasks. The Pearson Science New South Wales series will not only save you time in implementing the New South Wales Syllabus for the Australian Curriculum, but it's the only series that really engages your students. The series includes content and activities presented within the context of the three New South Wales Syllabus strands: Knowledge and Understanding, Working Scientifically and Learning Across the Curriculum. Content identified as 'Additional' in the New South Wales syllabus has been clearly differentiated from core content and is carefully placed in the flow of content.

The Pearson Science Second Edition Activity Book is a write-in resource designed to develop and consolidate students' knowledge and understanding of science by providing a variety of activities and questions to apply skills, reinforce learning outcomes and extend thinking. Updated with explicit differentiation and improved learner accessibility, it provides a wide variety of activities to reinforce, extend and enrich learning initiated through the student book.

The write-in Pearson Geography New South Wales Activity Books cater for a variety of learning styles, reinforcing and enriching geographical learning and skills.
