INPUT-RECORD-TYPE-CODE (E0755) identifies the type of data on a PEIMS data submission record. DISTRICT-ID (E0212) indicates the district identification number registered with the Texas Education Agency. DISTRICT-ID on the 415 Course Completion records must match the value for DISTRICT-ID on the LEA 010 District record.

With all the recent changes in state and local government audit and accounting, including changes to some of the more complex areas such as pensions and postemployment benefits other than pensions (OPEB), you

can't afford to be without the most current guidance. This authoritative guide provides complete coverage of audit and accounting considerations critical for both preparers and auditors. This 2017 edition includes a new chapter on best practices for OPEB accounting, reporting, and auditing. It also provides insights, comparisons, and best practices for financial reporting and the financial reporting entity, revenue and expense recognition, capital asset accounting, the elements of net position, accounting for fair value, and much more.

Overviews the curriculum management audit (CMA) and compares and contrasts it with principles of total quality

management (TQM), asking whether a school district can use curriculum audit principles in conjunction with TQM. Part I examines the history, critics, and practical compatibility of the CMA

The American Crisis is a collection of articles by Thomas Paine, originally published from December 1776 to December 1783, that focus on rallying Americans during the worst years of the Revolutionary War. Paine used his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American

colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads "These are the times that try men's souls." This book is part of the Standard Ebooks project, which produces free public domain ebooks.
