About the 16 Personality Types Personality typing is a system of categorizing people according to their tendencies to think and act in particular ways. Personality typing attempts to find the broadest, most important ways in which people are different, and make sense of these differences by sorting people into meaningful groups.

The definitive guide to using this ancient psychological system to gain self-knowledge and achieve personal growth—now expanded and revised. The Enneagram is an extraordinary framework for understanding more about ourselves. No matter from which point of view we approach it, we discover fresh conjunctions of new and old ideas. So writes Don Riso in this expanded edition of his classic interpretation of the Enneagram, the ancient psychological system used to understand the human personality. In addition to updating the descriptions of the nine personality types, Personality Types, Revised greatly expands the accompanying guidelines and, for the first time, uncovers the Core Dynamics, or Levels of Development, within each type. This skeletal system provides far more information about the inner tension and movements of the nine personalities than has previously been published. This increased specificity will allow therapists, social workers, personnel managers, students of the Enneagram, and general readers alike to use it with much greater precision as they unlock the secrets of self-understanding, and thus self-transformation. “No Enneagram teachers I’ve come across offer such a rich and dynamic picture of how each personality type expresses itself in the world, and the process by which we can move through progressive stages of psychological and spiritual growth.”—Tony Schwartz, author of What Really Matters: Searching for Wisdom in America

Personality type traits and tests revealed! Let this book open your eyes by seeing the different characters and personalities around you. Additionally, discover more about yourself, your natural tendencies, and the way your brain thinks. In this groundbreaking analysis of personality type, bestselling author of Better Than Before and The Happiness Project Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.

Broaden your understanding of personality type with the Introduction to Type series from CCP. These popular guides help you integrate type theory concepts into both your personal and professional lives. Understanding workplace preferences, managing stress, reducing conflict, searching for suitable careers, and improving team effectiveness are just a few of the many type-related applications you can explore using the MBTI booklets.

Don Richard Riso, M.A., is the most widely published and the bestselling author of books on the Enneagram. This is the revised and expanded edition of the classic on understanding the human personality—more than 150,000 copies sold! In addition to updating the descriptions of the nine personality types, this book uncovers the Core Dynamics, or Levels of Development, within each type.

Do you ever think you're the only one making any sense? Or tried to reason with your partner with disastrous results? Do long, rambling answers drive you crazy? Or does your colleague's abrasive manner rub you the wrong way? You are not alone. After a disastrous meeting with a highly successful entrepreneur, who was genuinely convinced he was 'surrounded by idiots', communication expert and bestselling author, Thomas Erikson dedicated himself to understanding how people function and why we often struggle to connect with certain types of people. Surrounded by Idiots is an international phenomenon, selling over 1.5 million copies worldwide. It offers a simple, yet ground-breaking method for assessing the personalities of people we communicate with – in and out of the office – based on four personality types (Red, Blue, Green and Yellow), and provides insights into how we can adjust the way we speak and share information. Erikson will help you understand yourself better, hone communication and social skills, handle conflict with confidence, improve dynamics with your boss and team, and get the best out of the people you deal with and manage. He also shares simple tricks on body language, improving written communication, advice on when to back away or when to push on, and when to speak up or shut up. Packed with 'aha!' and 'oh no!' moments, Surrounded by Idiots will help you understand and communicate with those around you, even people you currently think are beyond all comprehension. And with a bit of luck you can also be confident that the idiot out there isn't you!

MAKE EVERY WORKPLACE INTERACTION POSITIVE AND PRODUCTIVE Named a “Best Career Book 2012” by FINS Finance “Personality Style at Work provides you with the insight and tools to understand your style and to adapt it to others' preferences. Implement the concepts in this book to ensure that you will be a better communicator, team member, and leader.” —ELAINE BIECH, author of The Business of Consulting and editor of The ASTD Leadership Handbook “Kate has done a tremendous job using the Personality Style Model to help us each be the best we can be every day.” —LOU RUSSELL, CEO/Learning Facilitator, Russell Martin & Associates, and author of IT Leadership Alchemy, The Accelerated Learning Fieldbook, Project Management for Trainers, and 10 Steps to Successful Project Management “Personality Style at Work is a fresh and timely approach to the interplay of personality styles in the workplace. You may not need this book if you are a hermit, but it is a must-read for anyone working on a daily basis with other people!” —SHARON BOWMAN, international trainer and author of Training from the Back of the Room “Kate Ward presents a simple, useful model for looking at how personality style affects performance. A great find for anyone interested in improving their everyday interactions.” —GEOFF BELLMAN, consultant and author of Extraordinary Groups: How Ordinary Teams Achieve Amazing Results About the Book: The most important business skill isn't a skill at all. It's your personality. And only when you develop a keen understanding of your personality style—and the styles of the people you deal with—will you reach your full potential as a business professional. Personality Style at Work reveals the proven personality style model used by HRDQ, a trusted developer of training materials—giving you one of today's most valuable tools for leading others, contributing to teams, effectively communicating with coworkers, and making better decisions. This groundbreaking guide helps you achieve positive results in virtually any workplace situation. Whether you're a high-level manager, a salesperson, a customer service professional, or an entry-level employee, you'll learn why others behave as they do in specific situations and how to use that knowledge to turn every interpersonal encounter into a win-win scenario. The HRDQ model has been administered to more than one million people—and it has generated remarkable results. It is based on four principal personality styles: Direct: High assertiveness, low expressiveness Spirited: High assertiveness, high expressiveness Considerate: Low assertiveness, high expressiveness Systematic: Low assertiveness, low expressiveness Which one describes you? Knowing the answer is the first step to achieving consistently positive and productive personal interactions—which is why Personality Style at Work includes an assessment that you can take to identify your style. Armed with this valuable self-assessment, you can adapt your behavior to create more practical, harmonious working relationships. Personality Style at Work opens the door to a whole new way of interacting with others in a way that benefits you, your coworkers, your customers, and your entire organization.
